

Summary: Sources are confirming the stories about US Treasury Secretary Mnuchin blocking the announcement of the gold backed US Note, and about him being arrested. I guess we may see this show up in the news, or in Q Anon posts. Informed sources continue to say that this will be done before the end of the month, and it looks very good for this week.

Former FBI assistant director McCabe has passed a story to the New York Times that Rod Rosenstein suggested to a group of DOJ officials that Rosenstein wire himself with a microphone and then go and try to elicit an outrageous comment from POTUS, which he could then shop around to cabinet officials in hopes that he could build up a coalition to use the 25th Amendment to take POTUS down. McCabe is already going down, and it appears that he is going to be taking others with him.

Research into Blaseygate reveals that she offered to declare that she was raped by former SCOTUS candidate Gorsich, to keep him out of the court. Her prep school is emerging as a school where children are turned into sex slaves. She currently works in Stanford University for a man who has been involved in mind control experiments with the CIA, and her father was also previously noted to be working for the CIA paymaster for mind control groups. Are we surprised that she doesn't remember where she was or how she got there?

Rosenstein Wanted to Trap Trump

Still Report #2381
September 21, 2018

**Rosenstein
Wanted to
Trap Trump**

According to a story broken by the New York Times this afternoon, Deputy Attorney General Rod Rosenstein discussed wearing a wire in meetings with Trump in an attempt to secretly trap him into saying something that could be used in an article of impeachment concerning his lack of mental fitness to serve as per the 25th amendment to the U.S. Constitution.

Trump Orders Anti Trust Probe of Big Tech, 2382

Still Report #2382
September 22, 2018

**Trump Orders
Anti-Trust Probe
of Big Tech**

this is a good video, only 5 min—what if google was lying to you?

The White House has prepared an executive order for President Trump to sign that would instruct all federal antitrust and law enforcement agencies to open investigations into the business practices of the high-tech, anti-competitive practices of the big social media companies like Facebook and Google. The order hasn't yet been vetted by other government agencies, however somehow

Bloomberg News obtained a draft of the upcoming order. "[U.S. antitrust authorities should] thoroughly investigate whether any online platform has acted in violation of antitrust laws. Because of their critical role in American society, it is essential that American citizens are protected from anticompetitive acts by dominant online platforms."

**I Was Abducted
by Aliens
45 Years Ago**

No, not Bill Still, but a fisherman who was abducted in Pascagoula, MS in a classical MILAB/Grey Alien abduction. Apparently it is well documented—and on FOX News! Surprising that Still is reporting this—part of Disclosure? Maybe he is trying to come up with a report which is not devaluated by You tube.
