

## Trump Card

Whoever understands the true narrative controls it.

Update July 2<sup>nd</sup>\*\*\*\*\*

I wrote this document over the course of last week. Everything written has manifested and will continue to do so

\*\*\* A civil war is being pushed, planted, plotted and manufactured by the mainstream media as a means of scapegoating the news of pizzagate eviscerating what's left of them. Sowing the seeds of a Civil War all to create a manufactured news cycle to circumvent and suppress any criminal proceedings. Before people linked to pizzagate get prosecuted, a lot who are directly linked to the mainstream media, they are going to abuse their positions attempting to goad the Right to start a civil war, pose and false flag as the Right to start a civil war and get members of the left to initiate a civil war all at once.

The Democratic party will quadruple down on their sublimation to seed and sow discord too the entire populace using every platform at their disposal. At this point in time they're tugging at straws right now to see what works and what doesn't to tap into my install base of sleeper cells because they're running out of options.

Any plans for World Peace secured by the Republican Party will be thwarted and downplayed at every cost by the (((msm))) and the criminals in control of the Democratic party.

The left aspire to batter ram illegal immigrants by the tens of millions while to cause white birth rates in every state to fail just to ensure the Republicans never win house majority again.

There is a politician in Mexico who's vying for presidency based off the platform he promises to flood the states with all of South America. \*\*\*\*\* July 2<sup>nd</sup> Update He won the presidency

And the left intends to do so before the wall gets built and too compromise a Trump 2020 election.

Just to suppress the news of the truth from coming to light. That's where we're at now. The left wants to alter our demographics to prevent the truth of pedogate reaching the public.

The left has billions of dollars at their disposal and they plan to use any dirty tactic they can to create a blue wave in November.

The Left's main areas of focus are

- 1) Infiltration of the Right Wing Party to compromise it from within
- 2) Memetic Warfare/ Psychological Warfare
- 3) Quadrupling down on Anti-White rhetoric to sow discord amongst conservative families
- 4) Creating a manufactured Civil War to flood the news cycle

5) Flooding in millions of illegal aliens from South America to displace red states near the border

6) Posing as right wing oriented to tap into an install base to profit from

Now that is me taking off one gauntlet.

Here is another gauntlet.

The tide is turning in our favor.

The truth will prevail.

---

Our opposition are well aware of the power /pol/ is.

Last October the msm and the left had their eyes on /pol/ who were in an advantageous position to bleed pizzagate into the mainstream by using Weinstein gate as a bridge.

They'll try to undermine it by claiming it's an echo chamber when /pol/ is the closest thing to Mount Olympus in the entire world.

....

Now with everything aforementioned, from the billions the left is willing to spend to create a blue wave, we can put them all in checkmate.

And this move will trigger our end game resolve.

The slingshot to the eye of Goliath.

What I have to propose will pierce through any billions of dollars the left can utilize to get a blue wave off the ground.

A single correspondence of acknowledgement between us cultivated into complete control and leverage of all the media and future generations to come.

We created a simple signal of interference which cultivated into a meme of plausible deniability

November 8<sup>th</sup> 2017 Gave Q a massive boost in leverage

I helped fan the flames of the person known as Q way early on in his inception. I would try to encourage the Christian users of /pol/ to keep engaged with Q's drop offs.

By not taking direct credit for the +++ correspondence at the time, I willingly allowed Q to leverage the readers of his CBTS threads to amass into the massive campaign it has blown up into today.

For a dramatically small portion of the Republican Party's War Chest, I can finalize the seeds of destruction for the entire Big Brother conglomerate.

The transference of \$7,777,777 to me will destroy any chance of a blue wave from happening.

Once the money is transferred to me, the real magic begins and a 4D checkmate will enact into play.

News of the “Antichrists ascension” will seep into the mainstream public the same way a little shitpost could make its way into daily conversation.

If I'm real or not, it doesn't matter. If I am regarded as the real deal, the fear of God will be struck in people and have them come to our side. If not, people will still see the brilliance of false flagging the Antichrists ascension to bypass mainstream media to lead the masses past controlled censorship to understand what is really going on behind the scenes. Both forces are equally positive and will lead to the downfall of the mainstream media.

The msm will never report about me out of fear they are going to inadvertently cause the Antichrist's ascension, leaving me with full autonomy to bring their demise because of my namesake and accumulated influence and leverage.

All I would need to do is make a thread showing the \$\$\$ in the bank account and it will all be over. The news will seep out everywhere like wildfire.

The redpill will bleed into the mainstream because of all the dominoes I laid out.

This plan will leak out, and put the entire msm in checkmate.

They'll be forced to adopt a pro Trump stance or go bankrupt.

The CEOs and boards of directors will not be happy at losing their market share, so they'll go pro Trump knowing about all the leverage I accumulated

The information of this document is abridged by the Antichrists Manifesto, The Book of Kek, and Gods Judgment.

Antichrists Manifesto:

<https://www.docdroid.net/53EeyJm/downloadfile-3.docx>

The Book of Kek:

<https://www.docdroid.net/7P9Ia8k/the-book-of-kek.docx>

Gods Judgement:

<https://www.docdroid.net/IOPNPvW/gods-judgement.docx>

I laid down a lifeline of virtue, intent and prosperity to parallel my devil's dominoes.

I not only put the msm in checkmate, I effectively put every government in checkmate.

I implanted freedom, resolution and absolute judgement.

The masses will experience 4D chess firsthand and enter the rabbit hole.

The public's trust of the msm will have dissipated completely. Companies like Viacom and Disney will go down under unless they adopt a pro Trump pro truth stance.

Eventually the masses will be lead to the divine undercurrent grafting the gears of everything.

Word will get out and people will come to the source.

Effectively eradicating any chance at a blue wave.

They'll come across this document, and the other documents and it's all game over. They'll learn the truth for themselves and in time and everything resolves itself.
