Offset quadrant shower enclosures are great for men and women who want a bigger showering location, but want to maintain the shower against two walls. Whether or not you are upgrading your entire bathroom, or just installing a new shower, deciding upon the suitable shower enclosure can be a challenge, in particular given that there are so many products on the marketplace. Make the wrong choice, and you could end up with a shower enclosure that doesn't match, which leaks or which opens and closes in the most inconvenient manner.

I meant like in the bathroom before you shower... Also, get a shower with a glass door, then you can see the mirror still. Boom.
