

Best Tips to find cheap one way flight tickets

Airline tickets are no longer an expensive affair. Though one-way tickets cost much higher than a round-trip ticket, it is not all that hard to find [cheap one-way tickets](#) for your next business or leisure trip. But, why do airlines charge higher on one way tickets, you may ask. Here is why.

- One-way ticket makes it difficult for an airline to foreshadow customer potential, which complicate schedule timing and staffing management.
- To compensate the loss of return passengers.

Here are a few tips on how you can maximize your savings and get cheap one way tickets for your next trip abroad.

Always Wear Your Sherlock Holmes Hat!

We are all under a radar called the World Wide Web. Use the web and it will help you find the cheapest tickets without breaking into a sweat. Look for tickets to your destination on various websites like Delta, JetBlue, United or any other airline or portal,

but using the incognito mode. Websites usually read the cookies and increase the prices of the most searched item or air route. This is a cool way to grab a great deal on your air tickets without being noticed using the enemy's weapon (Google's incognito mode).

'Tis the Season

Everything is beautiful during the holiday season, joyful and full of surprises. Most airlines are in a generous mood during festive season, giving away packages and discounts. If possible, plan your outing when during Christmas or any other holiday. This is when ticketing portal and airlines throw in alluring offers to lure more crowd. Explore several portals to get the best price on your one way tickets for your Denver or Vegas' holiday.

An Agent is Your Travel Doctor

Getting your tickets via an agent indeed is a clever move. A travel agent has all the inside information regarding airline deals and offers (Search today [Best Travel Agents in Philadelphia](#)). Befriending an agent can be extremely beneficial as this will help get you discounts on one way tickets to your preferred destination. You can also sift through third party websites and portals that offer air miles, points and

great discounts on one way tickets to several destinations across the world.

Be Ahead of Time

You know how this works - simply book ahead of time. If you know and are sure of the country you are going to visit, just plan and book your [cheap one way flight tickets](#) well in advance. As soon as you are sure of your travel dates, keep the packing of your bags for later and book immediately as airlines tend to charge high if you book last minute and low when you book ahead of time.

If you are booking last minute, but are sure about your travel dates, you can opt for non-refundable tickets and save a great deal. Airlines rarely cancel so it is a win-win situation for you.
