What are Discord servers?

Discord is a web and mobile app that offers text, voice, video communication through community-created "chats groups" called servers".

While there's a huge range of Discord servers out there, not all of them may appeal to you. Discord Street lets you browse thousands of servers, search and filter by tags. Discord Street uses proprietary algorithms to provide you with the best Discord servers that you are likely to be interested.

What is Discord Server List, and what are its benefits?

A Discord Server List allows you to search for Discord servers. Discord Street is a Discord Server List that allows you to list your server and browse servers by relevancy, quality and other criteria.

How do you join a Discord server.

Discord Invite URLs can be used to join Discord server. Discord Street offers "Join" buttons. Click this button to join a Discord server.

Note: The invite for a server may be expired or invalid and we cannot provide new invites. Only the server owner can edit invites on Discord Street. We automatically remove expired invites.
