

Are you passionate about the things in new Emerging technologies like Artificial Intelligence, Machine Learning, Internet of Things, Cyber Security, Robotics and other technology news and updates and want to contribute your articles then you are landed at the right place?

At AIOTTALK we accept guest blogs and articles on above-mentioned technologies from industry experts. We also accept Startup stories from young entrepreneurs and invite them to submit their startup on our website.

Here we accept articles, blogs, press releases from companies, bloggers and from pr agencies and those are original and must be free from plagiarized.

Guidelines for Submission:

- > Article must be Unique and Relevant to the Title
- > Relevant HD quality image file with minimum dimensions (790×480) should be attached.
- > Article should be in detail and we accept only high-quality standard articles.
- > Include at least 3 short quotes or facts in between article which gives an overall glance of the article.
