GP Helios - Manufacturer: Geneza Pharmaceuticals Pharmaceutical name: Clenbuterol HCL 40mcg/ml and Yohimbine 6mg/ml Pack: 1 vi

The correct way to do this exercise is with a wide grip. Only then will you be able to hit all those muscle groups and save your shoulders from internal rotation and potential impingements in the shoulder joint. The grip should be wide enough so that your pinky finger is touching the smooth ring on the barbell. []
