Meeting Set On Medford Street Landfill Transport Facility

Parties involved in the controversial Boston Harbor Cleanup Project landfill transport facility, scheduled to open at the Charlestown Marine Park, 425 Medford St., will attend a Charlestown Neighborhood Council meeting at 7 p.m. on Thursday, Sept. 24 in Bishop Lawton Hall, St. Francis de Sales Church, 313 Bunker Hill St.

Expected to be present are representatives from Hamilton Realty, owners of the property that formerly housed the Domino Sugar

refinery; J.M. Cashman Inc., contracted transport company; Massachusetts Water Resources Authority; Massport; Boston Marine Terminal which includes Boston Sand & Gravel and Trimount Bituminous Produces Co.; Boston Environmental Department; and Boston Inspectional Services Department; along with community residents, business persons and political leaders.

The community first heard of the transport facility at the September Neighborhood Council meeting

when Alan Perrault of J.M. Cashman announced that his company was contracted by MWRA to transport landfill from Deer Island to the Charlestown site to be trucked to areas throughout the region. Perrault stated at that time that barges would be used to carry the dirt from the island to the former sugar refinery. He announced that an average of 400 truck trips would be generated by the facility each day to transport the material.

Harborpark Day 1992 To Be Held Sunday, Sept. 20

Mayor Raymond L. Flynn has announced that the city's eighth annual Harborpark Day celebration, sponsored by the Boston Redevelopment Authority, will be held on Sunday, Sept. 20, from noon to 6 p.m. at Shipyard Park in the Charlestown Navy Yard.

Mayor Flynn said: "Harborpark Day is our way to welcome residents as well as visitors to our historic waterfront to show them what the waterfront contributes to our city. We look forward once again to making this a day for family entertainment."

As in past years, the Harborpark Day celebration will be held in conjunction with the annual "Chowdafest," sponsored by Horizons For Youth, a non-profit organization that provides outdoor education, counselling and camping programs for inner-city

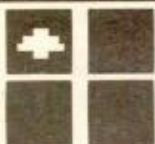

children in need. Twenty Boston-area restaurants will prepare over 1,500 gallons of clam chowder to compete for the 1992 "Chowda Champ" title as chowder aficionados go from booth to booth tasting the various offerings and voting for their favorite chowder. The admission fee for visitors is \$6 for adults and \$3 for senior citizens and children under 12. All proceeds will be used to support Horizons For Youth.

In addition to the unlimited "Chowda," there will also be continuous live musical entertainment provided by Devonsquare, Errol Strength and the Conscious Reggae Band, Chuck Morris and the Sidewalk Blues Band, Crisis of Faith and others. WBOS/92.9-FM will broadcast the event live from 2 to 6 p.m.

The Harborpark Day celebration also offers many

children's activities including Disney characters, jugglers, stilt walkers, a one-man band, face painting, sea-of-balls, moonwalks, old fashioned horse carousel, barnyard animals and a trackless train ride. Teen activities include basketball free-throw, 3-point shot and hook shot competition coordinated by Boston Community Schools and Boston Special Olympics with trophies awarded to first, second and third place finishers and the overall champion. Other highlights include antique cars, a kite display and test flights, a baseball radar throw and a celebrity dunk tank. Additional exhibits from the Children's Museum, Computer Museum and Constitution Museum will also be on display.

be held in the Hull Room on the second floor of Building 5, which is adjacent to the ship. The celebrant will be Rev. William McConnell of St. Francis de Sales Church, a retired U.S. Navy Chaplain.

At the conclusion of the Mass, at approximately 9:35 a.m., a wreath will be placed at the Charlestown Naval Shipyard WW II

Memorial to those former employees killed in action in the service of their country. The participants will then march to the site of the Hero Square.

Following the dedicatory program and the unveiling of the Hero Square marker, all are invited to the Post 26 Quarters at 23 Adams St. for a collation.

OPPORTUNITY CALLING

Any time is a great time to begin a career in real estate if you're bright, motivated and into working hard. It's one of those careers that, no matter what's going on in the local market, there are always people who have to sell and others who have to buy. If you're a crack Realtor, the trick is to be sure that when it's time for a move, they think of you!

If you're considering a job change, real estate may be the possibility waiting to happen for you. Your educational background and work experience are less crucial than the way you go into action once you are licensed and fully trained. If you learn quickly where to find sellers and buyers, and what to do once you are face to face with them, you can become very successful. There's a saying that real estate is just about the lowest paid easy work, and the highest paid hard work that you can find. If you're looking for highly paid hard work, we should talk about the possibility for your future in this exciting profession.

If there's a move in your future, the real estate professionals at **Monument Properties** are ready to serve you. Call us at **241-5900** or drop by our offices at **85 Warren St., Charlestown.**

Meeting Set On Medford Street Landfill Transport Facility

(continued from page one)
ed a petition drive to stop the facility from opening in the community. Further steps are being pursued to

establish legal avenues to keep the trucks from rolling through Charlestown.

Meanwhile, MWRA spokesperson Carrie Fuchs

announced this week that the authority has delayed plans to open a personnel transfer site on the adjacent waterfront site, formerly the Revere Sagan refinery, until the spring of 1993. This facility would bring over 300 automobiles into Charlestown by personnel who will be transported by ferry to Deer Island to work on the clean-up operation of the harbor.

Members of the Neighborhood Council met with Perrault last week to request that Cashman delay his operation in Charlestown until after the scheduled Sept. 24 public meeting. Perrault agreed to the council members' request, but informed them that the company is within its legal right to operate at the site.

Trucks have been seen leaving the former Amstar/Domino Sugar refinery site since that meeting. After in-

vestigating the origin of these trucks, it was learned that the Reddish Hauling Co., a tenant at the site for the past two years, has been transporting "gravel and virgin clay," according to the company's principal Paul Reddish. He further stated that his trucking company is not currently working for Cashman, but would submit a bid to haul the landfill from the site.

Reddish said that an average of 70 to 75 trucks leave the Medford Street facility each day as part of his operation. "This has been going on for a couple of years," he added. "We try to be good neighbors. My door is always open for anyone who would like to see what's taking place here."

The community is welcome to attend the public meeting and participate in discussions on the planned landfill transport facility.

Missing You . . .

We were together on and off for 12 years,
We laughed, we cried, we even lied,
So many phone calls when you were away,
All the funny things you used to say,
You were my "Rico" brave and strong,
You were my "Rico" all along.
Never does a day go by,
When I don't think of you and cry.
So many days I go sit with you and ask: WHY?!
I will visit you always, cry for you always
And keep you in my heart forever.
You were my "Rico"
You were my secret lover.
I'm so lost without you, but,
I will keep you in my heart and thoughts forever.
I Miss You, My "Rico"

Winners Circle Program For Edwards Middle School Students

Charles McAfee, principal of the Edwards Middle School, reports the smooth opening of the school. Students came back with renewed interest in learning and the staff is well prepared to challenge that interest. The students seem to have adjusted to the new hours. It is hoped that the school neighbors have also adjusted to the early arrival of buses and students. Parking is a concern to these neighbors, and they are just asked to have their cars out of the lot by 6:45 a.m. to prevent them from being blocked in by either buses or faculty cars. With everyone cooperating, no problems are anticipated. McAfee is pleased to announce that Edwards School students are being offered the opportunity to participate in the Winners Circle After-School Program again this year. The program is a collaboration between the Boston Public Schools and the Charlestown Community

Center. Joseph Jackson, program manager for the Winners Circle Programs, and Bob McGann of the Charlestown Community Center have been working over the summer to get the program off to a smooth start. Dave Martell will be the Community Center's Program Specialist. A new aspect of the program is the tutoring which will be held in the Edwards School Library where participants will be able to use computers for homework, research papers, etc. This part of the program will be under the direction of the Edwards Librarian Ms. Cain, who will instruct the students on the use of computers, and will tutor and assist with homework. After the tutoring/home-work, students will go to the Community Center to participate in pool and gym activities as well as an even greater variety of activities than last year. All events and activities will be aimed at helping the students

recognize their own special talents and abilities and improving their self-esteem and leadership qualities. As with all good things, the Winners Circle Program is **limited** in the number of students it may serve. Its capacity is **35**. Parents are encouraged to enroll their youngster as quickly as possible. Enrollment will be on a first-come, first-served basis. For additional information, call Maureen McGoldrick, student support coordinator, at 635-7970. Students will receive applications which must be signed by the parents and returned to McGoldrick.

Townies Move Up In Standings With 22-6 Win Over Methuen

The Charlestown Town Team made it three wins in a row last weekend, topping the Methuen Outlaws 22-6 in Eastern Football League action.

Charlestown got on the scoreboard in the first period with Jeff McCarthy catching a 20-yard pass from Ed Sullivan. McCarthy recorded a touchdown in the second period on a 7-yard pass from Sullivan. A PAT run by Tom Nelson put the Townies ahead 14-0 at the end of the second.

A 65-yard pass interception return by Richard Smith with a successful PAT pass to Derek Tammaro from Sullivan brought the Townies to 22-0 in the third.

Methuen made it to the scoreboard in the fourth, and the game ended 22-6, Townies.

Honorable Mentions in the Player of the Week awards went to McCarthy, Jimbo Murphy, Dan Ryan and Tony Natale.

Several Charlestown players continue to rank in the EFL Stat Leaders. Murphy is among the rushing leaders and is fourth in the league in scoring. McCarthy is also a rushing leader and is on the list for kickoff returns, punt returns and scoring. Sullivan is fourth in the league in passing leaders.

The Townies are scheduled to meet the Maine Warriors at 7 p.m. on Saturday, Sept. 19 at the Charlestown High School field on Medford Street. Charlestown will be going into this game with a 3-5-0 record, hoping to make it four wins in a row. Maine has a 2-7-0 record to date.

BOB D'S BEAT

by Bob DeCristoforo

■ "Friends And Memories" . . . Boston University hockey standout Mark Bavis was the guest speaker at Sunday's second annual St. Catherine's Sports Night, and in talking about the importance of CYO sports, he mentioned the simple truth — it's not the wins, losses or ties that might come to mind over the years, it's great memories and friendships you have that really count. This is the true essence of being involved in CYO activities.

Over 175 people were in attendance, and many went home with trophies earned over the course of a very exciting '92 sports and CYO year, but most importantly for everyone will be the memories and friendships of a very beautiful evening.

First Annual Men's Street Hockey Tourney

• **J.A.F.T. Takes Championship . . .** The Charlestown Teen Connection recently held its first annual Street Hockey Tournament at the Robert Kane Memorial Athletic Cage. The tournament was a huge success as the J.A.F.T. All-Star team took home the tournament cup by defeating J.P. Gillen's Club 42 squad.

J.A.F.T. Captain Jason MacDonald boldly predicted that his brash teammates would win the title, but no one knew that they would go through the two-week event undefeated.

• **Game 1 - Club 42 vs. Newtowne . . .** The action got off to a flying start as Club 42 pulled off a mild upset of a tough Newtowne squad. Club 42's goalie Bill Vasha was almost invincible in net, and a strong defense anchored by Ed Coleman kept Newtowne on its heels. J.P. Gillen led the way for Club 42 with a hat trick and two assists while Bob Yandle kept the game respectable for Newtowne with a hat trick of his own. The final score was Club 42 - 6, Newtowne - 3.

• **Game 2 - Maulers vs. Hinky's . . .** The Maulers got on the scoreboard early and often in the first period, jumping out to a quick 3-0 lead before former Salem State star Dan Campbell got Hinky's out of deadhole. However, Campbell's goal was the only bright spot for the Hingston squad as the Maulers added four more goals in the second period and cruised to a 10-4 victory. Kevin Tkachuck was an offensive dynamo for the Maulers with five goals and one assist.

• **Game 3 - Brennan's vs. J.A.F.T. . . .** Steve Brennan's squad had the toughest draw of the day (that won't happen ever again), having to face a powerhouse J.A.F.T. squad anchored (and I mean anchored) by Tom McGrath and stalwart goaltender Jason MacDonald. The game was close after one with J.A.F.T. leading 2-1. The second period was much different with J.A.F.T. popping in three quick goals to Brennan's one score. The game ended with the J.A.F.T. squad winning 7-3 behind Bill Kempton's four goals (not bad for a kid lugging around a spare tire).

• **Game 4 - Brennan's vs. Newtowne . . .** In the final game of the day, a tired Brennan's team took on a rejuvenated Newtowne squad in the first game of the losers' bracket. The defenseless Brennan team was rocked early and often by the well-balanced Newtowne men, and took a 13-4 pummeling prompting captain Steve "Bimba" Brennan to say: "We may be out now, but wait 'til next year." Stay tuned, rumor has it that Ed Barnett has been seen running suicides in the Cage.

• **Game 5 - Hinky's vs. Newtowne . . .** Newtowne's scoring was fast and furious as they came out and bombarded goalie Victor Merullo pinning a 15-3 loss on Hinky's and dismissing them from the tourney. Ron Poole scored an amazing seven goals for Newtowne and goalie Dave Dollosa had the answer to just about all of the opposition's offensive mounts. Jim Donovan added a hat trick as did Bob Yandle.

• **Game 6 - Club 42 vs. Hayes Square . . .** In perhaps the best game of the tournament, Club 42 stunned Hayes Square 10-9 in sudden-death overtime. The two teams traded goals early but Hayes Square's talent started to take over as they mounted a three-goal lead which looked almost impossible to dent behind the strong defensive tandems of Buddy Yandle, Ed Considine and Dan Considine and the stand-up goaltending of Bill Doherty. However, late in the third period, Brian McDonald netted a pair of goals to tie the game at 8. Jack Sullivan put Hayes Square back on top with a nifty goal with 30 seconds remaining in regulation. Club 42 called time out and goalie Bill Vasha was pulled for an extra attacker. The strategy worked as once again McDonald broke down the right hand side and beat Doherty with less than 10 seconds in regulation. On to overtime . . . About one minute into the extra session, Captain J. P. Gillen, anchored at the point, unleashed a vicious blast that beat a screened Doherty top shelf to give Club 42 a hard-fought victory over the talent-laden Hayes Square Club which lost both of its games on goals scored at backbreaking times. This was by far and away the most exciting and entertaining game of the tournament.

• **Game 7 - Hayes Square vs. Maulers . . .** In a match-up everyone waited for, pretourney favorite Hayes Square took on the talkative Mauler club. The action was fast and furious and at times even heated as the August heat must have gotten to some players. After all was said and done, however, the Maulers stunned the veterans on John Doherty's third-period goal, giving them a 7-6 hard-nosed victory. Paul "Flamer" Allen popped in three goals while Dan Sullivan outclassed older brother Jackie and dominated the defensive zone for the Maulers. P.S.: Allen was in satisfactory condition after remembering his Geritol.

• **Game 8 - Maulers vs. J.A.F.T. . . .** A fired-up Maulers, fresh off their victory over Hayes Square, now faced the J.A.F.T. powerhouse. The Maulers got off to a quick 2-1 lead after one period behind goals by Mike Maloney and Fred Collins. Bill Kempton netted J.A.F.T.'s lone score. The trend continued in the second as the Maulers carried a 3-2 lead into the final stanza. Paul (how old is he really?) Allen scored for the Maulers on a nice feed from Dan Sullivan while Jim Gillen matched it for J.A.F.T. The

THE MEN'S OPEN STREET HOCKEY TOURNEY was held recently at the Kane Memorial Athletic Cage with J.A.F.T. taking the championship trophy.

Chris Russell, Roger Britton, Mike Walsh, Joe DeRoeve and Ray Ortiz . . . On the right are the members of the runner-up team Club 42. Shown (l. to r.) and Mark Blaikie. **SECOND ROW:** On the left are League Commissioner Greg Jackson (left) and J.A.F.T.'s Jason MacDonald (right) with the coveted cup . . . At the right are Jason MacDonald, Steve "Bimba" Brennan, Greg Jackson and John Ezekiel.

THIRD ROW: On the left are Jimmy Gillen, J.P. Gillen and Goalie Jason MacDonald . . . At the right are David Walsh, Billy Kempton and Goalie Billy Vasha.

BOTTOM ROW: At the left are Carol Jaena, Tommy McGrath, David Walsh and Referee Steve Brennan in the background . . . On the right are Carl Jaena and Joe DeRoeve.

Maulers somehow slowed down the J.A.F.T. legs and scoring power for 30 minutes. Could they keep it up for another 15? NO. J.A.F.T. exploded for five unanswered third-period goals and Jason MacDonald slammed the door on the Maulers, turning away every scoring bid. Todd Fisher, Jim Gillen and Bill Kempton all had a pair of goals for J.A.F.T. while Kevin Tkachuck added a goal and an assist for the Maulers. No, Tom McGrath still does not have a single point.

• **Game 9 - J.A.F.T. vs. Club 42 . . .** In another battle of undefeated teams, J.A.F.T. played an underrated Club 42 and almost fell fat (sorry Tommy), I mean flat, on their collective egos. Once again "Bulging" Bill Kempton was the main offensive weapon, netting four goals and (gasp) another assist. Tom McGrath and Ray Ortiz provided much needed defensive support in front of a surprisingly shaky Jason MacDonald. The final score was 8-6 in favor of J.A.F.T. Gillen led Club 42 with two goals and two assists while Brian McDonald added two goals (although he only saw one side of half court the whole day).

• **Game 10 - Club 42 vs. Maulers . . .** An emotional J.P. Gillen called a team meeting after their loss to J.A.F.T. and it seemed to do no good in the first period as his team fell behind 3-1 after the first 15 minutes. The second period, however, was an entirely different story as Dave Walsh net-

In Loving Memory Of

M. MARGARET SHEA

A Birthday Remembrance, Sept. 20th

God saw you getting tired and a cure was not to be, so He put His arms around you and whispered come to Me. A golden heart stopped beating, hard working hands at rest, God broke our hearts to prove to us He only takes the best. Only a cluster of memories, sprayed with many tears, wishing God had spared you just a few more years. To know we never said goodbye, will always bring regrets. But the hearts that love you dearly, are the ones that won't forget. We think of you in silence, we often speak your name, but all we have are memories and your picture in the frame.

ted a pair of scores to deadlock the game at three going into the third. The third period was dominated by Club 42 as they rolled to a 6-4 victory, knocking the Maulers out of the tourney and back down to the "Spud" joining the Hayes Square crew watching "Candlepins For Cash" and listening to Patsy Cline. Dave Walsh completed his hat trick for Club 42 and Dan Sullivan once again was the dominating force for the Maulers.

• **Game 11 - J.A.F.T. vs. Newtowne . . .** Thorough domination is the only way to describe J.A.F.T.'s manhandling of friendly rival Newtowne. Although the score was only 5-1, it was no indication of the real story. Bill Kempton had two more goals and Jason MacDonald was nothing short of brilliant between the pipes. Dan Dollossa did nothing to embarrass himself in the opposing goal but J.A.F.T.'s relentless pressure was too much for him to handle. J.A.F.T. moved on to the finals against Club 42.

• **Final Game - J.A.F.T. vs. Club 42 . . .** An undermanned Club 42 tried to quiet the storm J.A.F.T. had whipped up. However, J.A.F.T. could not be slowed down, never mind stopped. A 5-0 lead after two periods had J.A.F.T. right on course for its first title. Four more goals in the final 15 minutes offset Bill Lynch's lone goal as J.A.F.T. eased their way to a 9-1 shellacking. Mike Walsh and Bill Kempton combined for six goals and Jason MacDonald stopped all but one shot (he still claims it was no goal). Tom McGrath donned a new hairdo and Club 42 Captain J.P. Gillen claimed his team couldn't score from laughing so hard at Tommy's head.

I would like to thank all those who not only participated in the tourney but also supported us. The Teen Connection services youth from all sections of the town and it is a pleasure to see a lot of the older folks helping out.

Special thanks goes out to Steve "Bimba" Brennan, Kenny Giordano, John "Zeke" Ezekiel, John "Dotsy" Doherty and Jason MacDonald. These guys gave up their time and volunteered to referee and keep score. They did a whale of a job and without them none of this would have been possible. We hope to see everyone back next year and hopefully even more teams.

Congratulations to J.A.F.T., our first annual champion, who have already predicted a repeat and have issued this press release: "Better start recruiting for next year, boys!" Stay tuned . . .

Letter Of Appreciation

Dear Gloria:

This is a letter of appreciation to Leo Boucher and "Stretch" Walsh of the Boston Parks and Recreation Department.

Recently, when the Townies football team had difficulty in securing the high school field for its home games, Leo and Stretch came through for us. Their dedication and cooperation is much appreciated.

We also thank Bob, Jeff, Dave and the rest of the crew at the high school for their cooperation, understanding and service.

These people demonstrate true Townie spirit, and it is deeply appreciated.

Respectfully,
Paul J. Flynn, general manager
Charlestown Townies

Dear Gloria:

The article in **The Charlestown Patriot** on Sept. 3 on "Traffic Patterns in City Square" is very significant for Charlestown.

Traffic exiting from the Tobin Bridge will now continue down new Chelsea Street to Rutherford Highway instead of Henley via Main Street and City Square. For the last 40 years, traffic from the north (Route 95) has been cutting through Charlestown's local streets, Henley and Main, to City Square to travel to Boston. The use of Chelsea Street will continue until next spring when all the traffic coming or going on the Tobin Bridge will travel under Charlestown's City Square instead of through it.

Changing Traffic Patterns

Medford and Main streets and Rutherford Avenue, as part of the Boston Harbor Cleanup, brings up another related issue that affects all of Charlestown, including the City Square area.

The issue is growing traffic and parking problems in and through almost every Charlestown street. It may be time to think about looking at how Beacon Hill solved that problem. They solved it by making it difficult for commuters to cut through their neighborhood for a short cut to downtown. Perhaps that kind of solution should be looked at for the streets of Charlestown to protect the quality of life for its residents.

MWRA Responds To Birmingham Letter

Hon. Thomas Birmingham
State House - Room 213C
Boston, MA 02133

Sept. 11, 1992

Dear Sen. Birmingham:

This letter is in response to questions raised during your recent meeting with Michael Ralph and Brian Leahy regarding the use of the former Domino Sugar site in Charlestown by the contractor, J.M. Cashman, Inc. We would like to clarify the MWRA's (Massachusetts Water Resources Authority) position and our knowledge of the facts to date.

First, it should be clearly understood that the MWRA's contract with J.M. Cashman requires that the contractor take all responsibility for removal and final distribution of the clean fill from Deer Island. Pursuant to that responsibility, the contractor negotiated a private business arrangement with the owners of the site, and pursued all applicable permits privately. The MWRA did not have a role in either the selection of the site, or the contractor's process to obtain a lease. We regret that the neighborhood council was not directly informed of the contractor's arrangements with the property owners.

The following information addresses several questions which have been raised:

(1) J.M. Cashman has been the successful bidder on many contracts related to the construction at Deer Island. The total value of the 10 contracts awarded to date is over \$186 million. As with any contract, the contractor is responsible for including sufficient funds to meet all of his responsibilities under the contract within the bid price.

(2) It is our understanding that the contractor has obtained all applicable permits for operations at the former Domino Sugar site, and that the proposed use is consistent with current zoning regulations. Further information on permits may be obtained from the contractor.

(3) It is our understanding that the contractor may plan to use this site for other projects besides MWRA contracts. For this and many other reasons, we believe it is inappropriate for the MWRA's ratepayers to effectively subsidize the contractor's operation by providing additional funding for activities unrelated to this contract.

(4) There is a fundamental difference between Cashman's relationship with Charlestown, and the MWRA's relationship with its neighbors in Quincy. In Quincy, the MWRA sited both its residuals processing facility and construction staging area for the Deer Island project at the former General Dynamics Shipyard property, which the Authority purchased. Consequently, the Authority entered into certain agreements with the City of Quincy to mitigate the impacts of the operation of these facilities. Similar agreements were made with Charlestown regarding the planned operations at the former Revere Sugar site, where the MWRA leases space. Again, in this instance it was the contractor's responsibility to obtain a location for his operation, and the MWRA did not select the Charlestown site. Relevant paragraphs of the Memoranda of Understanding between the MWRA and the City of Quincy and the Town of Braintree are enclosed.

(5) There has been some confusion between the MWRA's planned use of the former Revere Sugar site for personnel ferry operations and Cashman's use of the Domino Sugar site. Most recently, the Authority has had very positive discussions with the neighborhood council and Massport regarding landscaping at the personnel ferry site, which we believe reflects our commitment to working with the community. There is no relationship between the MWRA's use of the Revere Sugar site, and Cashman's activities at Domino Sugar, except that the recently announced delay in the opening of the personnel ferry site means fewer vehicles will be using local roadways.

(6) We have no direct knowledge of the terms of Cashman's lease with the owners of the Domino Sugar site. However, as was discussed at the recent neighborhood council meeting, we believe Cashman is paying approximately \$20,000 per month in rent.

(7) Attached are relevant excerpts from the two contracts between Cashman and the MWRA, per your request.

We hope this information addresses some of the outstanding concerns regarding this issue. The MWRA stands with the neighborhood council in supporting adequate attention by the contractor to neighborhood concerns. Please call us with any further questions.

Sincerely,
Elisa M. Speranza for
Douglas B. MacDonald, executive director
Massachusetts Water Resources Authority

(Editor's Note: This letter was faxed to the "Patriot" on Sept. 16 by the MWRA but the excerpts referred to in (4) and (7) were not included.)

Good Luck Coins Uncovered Beneath Masts Of 'Old Ironsides'

Shipwrights and riggers from the Naval Historical Center Detachment Boston uncovered dozens of old coins under the lower mainmast of "Old Ironsides" when they removed the ship's 12-ton mast section on Sept. 16.

The mast removal is part of the ongoing 18-month "Drydocking & Inspection" (D&I) of USS Constitution which began on July 17. Cmdr. Richard B. Amirault, the 63rd commanding officer of USS Constitution, presided over the "unstepping" or removal of the mast.

Placing coins under a mast before it is installed is a centuries-old maritime tradition, intended to bring good luck to those depositing the coins.

Folklore has it that the

tradition was begun hundreds of years ago: superstitious sailors would put the coins under the mast so that if the ship sank, the sailors would have money to pay the ferryman to cross the River Styx.

The tradition continues today, but in a slightly different fashion. Coins are still placed under the new masts of today's naval ships, but the metal masts are then welded to a topside platform rather than "stepped" into a wooden keelson.

Coins found under Constitution's mainmast included pennies, nickels, dimes and quarters dating to almost every decade in the ship's history.

The oldest coin, an American penny dated 1797, the year Constitution was launched, was placed under

the mast in November 1979 when the mainmast was repaired. The coin was donated by the late Joseph Kent, a Charlestown resident and owner of the Badger Coin Shop, who put the coin there himself in 1979.

Some of the coins were imbedded in the bottom of the wooden mast, due to the incredible weight of the mast section. The lower mainmast weighs 12 tons, and is more than 104 feet long.

Coins were also uncovered beneath the mizzenmast and the foremast, both removed recently.

Fifty-six coins and one rapid transit token were found under the mizzenmast. The face value of the coins was \$1.79, and the oldest was a 1798 penny.

Under the foremast, 46 coins were discovered, with a total face value of \$3.55. The oldest coins were a Spanish piece of eight and a 1797 penny.

All three of Constitution's masts will be repaired during the D&I. Three new lower masts and three new

topmasts are being manufactured in the Navy Yard by the Naval Historical Center Detachment Boston. Each mast consists of three pieces. The new masts will be "stepped" or installed after the ship leaves dry dock at the end of 1993.

USS Constitution is remaining open for tours throughout the D&I, which continues through the end of 1993. U.S. Navy sailors

continue to give guided tours of the ship's spar deck from 9:30 a.m. to 3:50 p.m. every day. Self-guided tours of the spar deck are available from 3:50 p.m. to sunset.

The ship will enter Dry Dock 1 in the Charlestown Navy Yard on Sept. 25 where she will stay for approximately 13 months. The D&I entails some routine repairs and a thorough in-

spection to prepare the ship for her Bicentennial commemoration in 1997, expected to be a national celebration.

The Naval Historical Center Detachment Boston is the maintenance and repair operation for USS Constitution, which is maintained by the U.S. Navy. "Old Ironsides" is the oldest commissioned warship afloat in the world.

St. John's Church Schools Kicks Off With Sept. 27 Pancake Breakfast

St. John's Episcopal Church, 27 Devens St., will begin its 1992-93 Church School session with a pancake breakfast especially for kids on Sunday, Sept. 27 at 9 a.m.

Last year, Church School classes included up to 10 children, ranging in age from 4 to 12. All are welcome. Church school begins at 10 a.m. and usually last 35 to 45 minutes. The children are then brought into the sanctuary for the eucharist.

Last year, Church School students visited the Christian Science Bible Museum. Special events this year will include a field trip to Belmont Lutheran Church.

PRAYER TO THE HOLY SPIRIT

Holy Spirit, You who solve all problems, light all roads so that I can attain my goal. You who give me the divine gift to forgive and forget all evil against me and in all instances of my life. You are with me. I want in this short prayer to thank you for all things as You confirm once again that I never want to be separated from You even in spite of all material illusions. I wish to be with You in eternal glory. Thank you for your mercy towards me and mine. (Say for three consecutive days - favor will be granted.) Prayer must be published.
