

SPIKE SCROLL I

C O N T R A C T BETWEEN SPIKE AND RONALDO:

"I, Ronaldo, promise to work with Spike 50/50 of all assets. Half and half. If Ronaldo takes some land, Spike takes some land. If Spike takes some land, Ronaldo takes some land. If Ronaldo gets land for gold, Spike gets land for gold."

S I G N E D :

Ronaldo

These are the writings of Doom, secretary of Master Ben. Am I in the service of Spike? Yes. I am now employed by Spike

fully. Amir his father is no longer my main master.

These are my masters:

- 1) Master Spike
- 2) Master Amir
- 3) Master Ben

This is what The Darkness said to me:

"I am The Son. I am manipulating the very fabric of this universe. Morgoth? Pythas? They are nothing compared to me. I am not your enemy. I am your GOD. Bow to me, and become my servants, and you will always have strength, powers like lightning, health and weapons. I am overthrowing the Spider, I am undermining the Sea, I am recruiting the sword of the Chosen One, I am

tearing apart the plans of my sister."

This is a curse for Osman:

"Osman, Osman, Osman— you are weak. Osman, Osman, Osman— you are less than your former self. The forest is being lead by Fiona. She is weak compared to Orbay. Who will fight for the forest? Osman, you will flee on the day of his attack. Orbay is rising, you are sinking. Spike is growing into THE GREATEST OF ALL TIME. Your midichlorians are less than his. You will not survive the scourge of Orbay. Spike and Ronaldo are strong, who can oppose them? T10 has become a crazy man., will

he defend you on the hour of need? Certainly not. His brain has become like the brain of a prophet from Meneltarma. His beard is long like an old man retired from battle. Is he going to fight Spike and succeed? Certainly not. His arms are thin like the arms of an old woman. Submit Osman, and you will wear the crown of Orbay. You will drink wine from the skull of Orbay. For The Son will betray Orbay for your loyalty. He will strengthen your hand to make you greater than your enemies—

'Kazlan a uzi badun. Umbir a uzi dehschkal. Um ish daz kelaz, udum varin al hazar.'"

WILLS

- Solicited through Mandos Law -

The Captain

The WILL of Amir, Captain of Barad^dur. Upon my vanquishment I do devote my rank and power, my weapons, armor and wife to Lord Ahmez. I also require my son Spike to bury me at the heel of Orodoom, below the tomb of my old master. I also request Spike to murder three people when i die, so that my blood is avenged.

Spike

The WILL of Spike, son of Amir. If I vanquished, I want to be buried next to Ronaldo. (Yes, I will certainly die after Him).

Ahmez

The WILL of Ahmez, son of The One. If I am vanquished, I want to be remembered on my birthday— 6th of the 9th every year I want to be remembered with the death of a forest boy.

The Son was in contact today. He's talking to me a lot about this person from STL-8. He says "This has been easier than I thought." I will recruit my new servant to help me gain the needed intel.

Ronaldo is on my mind. I want us to work together. Imagine what we can achieve? We can achieve a lot. We will rule the world. But what about Aule? I know he will try to ruin my mission. Maybe I have to kill Aule. I will need someone close to him.... ah yes.... I know who...

What is this? I just turned 15. I am already stronger than 99% of people in Ae. One person is in my way. _ r _ _ _ is in my way. I will deal with him when I turn

16. My abs are big already, but they need to be more visible on my abdomen. Mother will be proud when I bring his head to her.

I think I'm in love... I met this girl called "TeslaWife". She looked at me with a look as plain as saying "I want you." But she thinks I'm at least 28. I look way older than I really am. I think its my shoulders (they are large). I weigh 80% more than my average. I think that my (REDACTED) dose needs to go up though. I'll ask Silnce about it.
