CLEN-40; Athletes and bodybuilders use the drug due to its thermogenic and anti-catabolic effects. This is down to its ability to slightly increase the body's core temperature, thereby raising calorie (energy) expenditure. It is thought that a 1°C increase yields around a 5... #fruits #fruit #food #healthyfood

Clen is also effective as a breathing assistant. Users often report that they are able to endure cardio sessions for much longer periods of time due to this. This effect also lends itself greatly to a bodybuilder who is trying to cut fat in order to get into contest shape. Fast delivery and best price - CLENOMED 40 (CLEN) - Deus Medical. Order came quickly! CLENOMED 40 (Clenbuterol HCL) is a bronchodilator, which is used as a medication for the treatment of reversible airways obstruction such as asthma and certain cases of chronic obstructive pulmonary...
