## HOSTAL SANTA CLARA ESTARTIT

**Does anybody have a niece  
(like a piece, portion or  
mandarin segment)**

**how clever he wants to appropriate  
the "inheritance my father promised me  
as his son?"** 💰 💵

**And that this father's granddaughter inciting  
him and soaping him, her grandfather, helps  
the father to go against his son, 😞  
his granddaughter's uncle?**

**If I had had this treatment or  
respect towards one of my uncles!  
In addition, according to the lawyer,  
she has told me that  
she has indirectly threatened to "evict me",  
where I have been living in this house of my parents  
since it was built, approximately 35 years.**

**Do you think she is ashamed or not?**

**Don't you think it is very miserable  
the way this granddaughter behaves,  
and her husband, her mother and  
all this environment coming to take advantage  
and try to usurp promised properties  
and make business out of this conflict situation,  
mistreated and the death of her father???**

**It is not ETHICAL, it is more typical of people who are not honest and without values, non-moral, 🤪 that some relatives manipulate 🏠📺 (and "lather") an old 90-year-old man to leave the legitimate inheritance of an uncle, his son of that old man, to his granddaughter.**

**This is called  
ABUSE,**

**HARASSMENT**

**o**

**REAL ESTATE MOBBING**

**or**

**HERITAGE HARASSMENT.**

THE **C.** OF THE **SANTA CLARA HOSTAL L'ESTARTIT**

**"She is like "Mora's dog,  
that's falls in love  
with everything"  
(Catalan proverb).**

**\*Since I was a child  
my father PROMISED 🙄  
me that for me it would be  
the "such" property (shops).**

**And not only once,  
But MANY TIMES.  
It was very clear !!**

**\*A first testament was  
made where there was  
such a promise. ✍️**

**\*Later I had a DONATION  
OF 22.5% of "such" property  
or promise. 📄**

**\*In case it was not enough,  
in a second testament or will,  
the same promise  
was embodied. ✍️**

outside of man"

because they live surrounded by  
people who lick their ass.*

(Mahatma Gandhi)

**But in the meantime with the  
arrival of the new neighbor  
who drinks, my brother's partner,  
abuse, discussions and conflicts arrive.**

**And who has to pay for the "fuss"?**

**Well, who doesn't make it.**

**And the one of "good faith"  
left them and offered to take  
the place (bar cantonada),  
That should be a music store.**

**My brother, after parting  
of the woman at Hostal Santa Clara  
(left son and daughter there  
– the granddaughter or niece),  
then he lived more than one or two  
years in this same "neighboring apartment  
attached to our house," with a girl from  
a farmhouse and with a child who had  
commented, that he was "very naughty"  
and it wasn't like that ...**

**(comment that the brother had a  
1st couple -of Santa Clara-  
with whom he had son and daughter  
-that granddaughter o niece-;  
later, a second couple this one from the**

**farmhouse and a 3rd last couple with whom he had a daughter, this 3rd couple from outside was the one that he originated all the trouble, mistreatment, fights, noise, trouble, etc.)**

**Never at home with the 2nd partner  
no noise was heard,  
nothing of nothing of nothing,   
no voices, no screams and fewer blows,  
bumps, lurching, or daily dragging  
furniture and beds, total for  
change a sheet and some blankets  
(does she have to make such a fuss?)  
which did originate this 3rd couple   
new of the brother that he collected,  
and what brought so many and  
so many hassles !?!**

**Of course she's from another culture  
(or without culture or no respect) from outside,  
and that the screams and blows of  
the fights, she beat him so the son  
(brother of the already deceased mistreated,  
Why did he die when he was only 60 years old?**

**My father used to tell him: "*this one  
-she- will end up killing you*"** 🦴

**I had to call the police** 🚓  
**(I was still helping her stop her).** 👮

**She got drunk** 🍷  
**and she made some "scandals** 👊💥  
**of a movie", she cast him out  
from the apartment, she threw dishes at him,  
she yelled at him in the middle of the  
street, and, she also fought with  
other neighbors.**

**The father at first was confronted with "this ordinary one" but having the brother with her a daughter, 🙏 already at the end, finished by let them do what they want ("LAISSEZ FAIRE" TOTAL).**

**While, as a consequence  
not to fix the above,  
at home the father and son discussions  
for the fights, scandals, noise and  
few respect and education from him  
brother and his partner, that neighbors.**

And that the father nothing  
he wanted to know and if you complained 🤔  
him from the trouble of these neighbors  
he still got pissed off and squabbled 😡  
(he was a very bad blood).

Also the father was very  
rustic or rude, he came from agriculture, 🚜  
from peasant and he was very, ✖️ 🦻  
VERY DEAF and he didn't hear  
nor bark the different dogs 🐕  
that these neighbors had  
and how much they annoyed.  
A SERIOUS DEAFNESS.

**On the other hand, the son who lived with his parents, he was a person trained, with a university degree,  master's degree, etc. and very sensitive   and little friend of rudeness, disrespect and hassles.**

**He only wanted (and still wants):**

**"LIVE IN PEACE." **

**From work he dropped out, in total he had 4 major surgeries (from total anesthesia).**

In addition to being an alcoholic and abusive, she's a great "DRAGGER" and "LAUNCHER" of beds, furniture, chairs and other objects.

**I wouldn't mind if she didn't listen  
the noise in my bedroom    
or lived somewhere else.  
But it's not like that.  
(and less being off work)**

**It went from a "silence and  
absolute total calm "   
with the 2nd couple who had lived  
in the same place,  
to a "noised kaos and  
of terrifying conflicts. "  **

**To make a simple bed,  
That 3erd couple had and has to  
"MAKE IT SEE THAT IT WAS AND IS  
A GREAT WORKER",  
then,  
DRAG THE BED AND  
THROW IT, picks it up and  
move and drop it with all  
the force equals chairs, and so on.**

**And although my bedroom  
stay in a room far away  
of the attached wall that separates  
both floors, it's HELL. 🔥**

**For example, the daughter they had  
she got together with a Chinese girl and  
they both jumped on the bed during hours.**

**Outside the terrace they looked the  
broken bed bases. Worse than a nursery. 🎪 🎪**

**And let's not talk about the  
dogs that had ... 🐕**

**And between discussion and  
discussion by drunkenness and  
for a lot of more messes,  
"Mora's dog" appears.**

**THE OPPORTUNITY OF  
TO TAKE ADVANTAGE OF  
THE DISAGREEMENT**

**...created by the "bottle-empty",  
and that the "Mora dog" takes  
advantage and fall in love with  
what I was promised (embodied in  
two testaments or wills and  
starting with a first donation).**

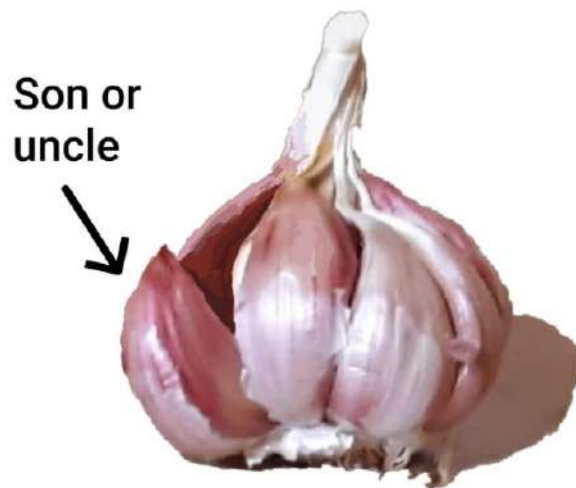

**"OPPORTUNIST  
AND INTERESTED",  
She's well portrayed  
(that from Santa Clara Hostal).**

"Like Mora's dog  
that he falls in love  
with everything "  
(catalan saying)

**this WOULD NOT HAPPEN TO ME,**  
**I should have insisted on asking 100% him even**  
**in different years and donations, and**  
**NOW I WOULD NOT HAVE THESE**  
**PROBLEMS WITH THE FATHER AND**

This "father" to his son,  
forbids his mother to visit now in residence,  
one of many others misdeeds to

Not only does it harm his son

# Dunning-Kruger Effect

**That is to say, that it ends up being granted to the same granddaughter (in the second testament -in which 50%, half of it is taken from me) a great real estate near the bridge of Torroella.**

**In catalan paremiology it is said:**

**"It is better to fall in grace 🥰

**By the way, half part was from the father and half part from the mother.**

**My God what bothersome!**

**What a way to throw money away!**

**-Breaking the promise to leave me by inheritance

**-Half punching the portal to enter,

granddaughter (or that niece) non-stop criticizing  
and who does she insult her uncle? □**

**-Give them, neighbours, to occupy a warehouse  
under the house, after having suffered the  
discomfort of the blind (for example noise at 6 am**

**in the morning when opening it; or raise and lower it up to more than 15 times a day), I say let it occupy again, after what it took me 15 years to get them out, and not respecting and acting against my part as co-owner?**

**-Let your physical integrity threaten  
and go against me in court?  
(because of the warehouse)**

**- leave the son's home without maintenance,  
when windows and blinds are broken,  
cracked floor and walls, no air conditioning

the terrace that when it rains leaks appear in the  
library and others spaces (he just wants to make  
a fudge of holes large to drain), do not fix  
moisture 💧 years ago of the unfinished  
neighboring work and with broken tiles?**

## **Perfil ABUSADOR O MALTRATADOR**

§ Tienen una alta capacidad de engañar a los demás y se engañan a sí mismos.

§ Culpan a los demás de sus propios problemas, o culpan al mundo, a la vida a una situación particular.

§ No se hacen cargo del daño que causan.

§ No tienen consideración ni sienten o demuestran empatía.

§ Suelen tener una doble personalidad: pueden ser amables y encantadores por un lado, y sumamente crueles y sarcásticos por otro.

And in this way she would have  
demonstrated her honest behavior,  
and by not doing so he has taught his  
envy, greed, lack of ethics and morals.

And by continuing to believe that it will end,  
she will discover that a new problem  
nothing else begins (instead of ending) to begin.

Only soon will she or they start the road  
of the ambition not to be able to enjoy.

## **NOTE:**

**I still hope a "little bit of gratitude"**

**for taking charge of walking and guiding my father to London, England, Wales, Belgium with Brussels, Brugges and Antwerp, in Holland by Delf, Rotterdam, Amsterdam. Throughout Denmark, Norway (Oslo, Bergua and Fjords) and Sweden. Poland with Crackòvia, Warsaw and much more, and the Baltic Republics (Lithuania, Latvia, Estonia), Finland. Germany from end to end. Prague and Austria with Vienna, Salsburg and Innsbruck. In Milan and lakes in Como and Maggiore, Verona, Venice, Florence, Pisa and the 5 lands. Tunisia in Africa. All France visit, Paris, Fointaineblau, Versailles or the castles from Loire, Carcassonne, Mont Saint Michel, Strasbourg... a non-stop. And all of Switzerland the same. And not only to walk, but as a son always as I could help, both in hotel deals and also hospitals and doctors I will bring him and the mother.**

**From outside, they told him that it was very bad or difficult to please, seeing how badly he treated me, they told him that he should be grateful and that I had carried as an exemplary son.**

**And that which is mentioned here  
it is only a tiny part.**

**I could go on to explain more and more for example that the father had a stroke and thanks to I giving him the medication of the Sintron when he was lying on the ground he got to recover without any sequel, nor any loss of speech when at time to have it was almost without speak and with one side of the face paralyzed.**

**We are not talking about a medication and an evaluation of the mother who thanks today he keeps memory that the father did not want on his day and even now he despises. And also the trips and mother's trips for lymphoedema, both in emergencies such as hospitalizations and incalculable bandage treatments, massages, appliances electric, creams, arm sleeves ...etcetera, etcetera,...**

We ask you again

Don't you think it is very miserable the way

take advantage and try to usurp promised properties  
and do business of that conflict situation, mistreated  
and the death of her father ???
