The stakes are even higher in this heart-pounding sequel to the FPS hit! An insidious threat has arisen in the form of a bio-terrorist organization and their two-pronged Gemini Virus. Your mission: Race around the globe to neutralize the terrorists before the plague is unleashed on humanity. At the time of the original release, the addition of GHOUL II to the Quake III: Arena™ engine allowed for more animations, ore damage and more pulse-pounding action than ever before - with 36 damage zones and 16 dismemberment zones! Additional features included per-pixel hit detection, fully skeletal, soft-skinned models and a facial animation system for even more realistic characters.
