

# Pokémemes Tag Tournament Spring 2015

## Basic Rules

The tournament will be a single elimination tag tournament. This means that if your team loses, then you're out of the tournament. The rules are as follows:

- **Flat Rules**

This means no two pokémon on one player's team may share the same pokédex number or the same held item. This also means a team consisting of two players may have two pokémon sharing the same pokédex number and/or the same held item, but no more than two, and they can't be on the same player's team.

- **Restricted usage of mega evolutions**

However, you may not have the same two *mega evolutions* on the same 12 pokémon team.

- **Level 50**

All pokémon with a level greater than 50 will be set down to level 50. **Note:** Pokémon with a level lower than 50 will not be raised to level 50 during the match. Please be careful to avoid bringing pokémon with a level below 50, unless the strategy calls for it.

- **Banned pokémon and items**

The following pokémon are banned: Mew, Mewtwo, Lugia, Ho-Oh, Celebi, Kyogre, Groudon, Rayquaza, Jirachi, Deoxys, Dialga, Palkia, Giratina, Phione, Manaphy, Darkrai, Shaymin, Arceus, Victini, Reshiram, Zekrom, Kyurem, Keldeo, Meloetta, Genesect, Xerneas, Yveltal, Zygarde, Diancie, (Hoopa), (Volcanion).

The following item is banned: Soul Dew.

- **No disconnecting**

Whether it is because of a bad internet connection or intentional, disconnection will lead to disqualification of the team with the player(s) who disconnected, so make sure to have a stable internet connection.

Each participant will show up bringing six (6) pokémon in their party. When the battle is about to start, which is during the team preview, each player chooses three (3) pokémon to use in that battle. The blue pentagon is not required for the tournament, but note that you may not make changes to your teams between rounds.

## Registration and Time

To register for the tournament, go to the tournament website <http://poke-tournaments.no-ip.org/index.php>. Go to *Tournaments* → *Pokémemes Tag Tournament Spring 2015* → *Participate*. If you don't have a user on the site, you will have to create one, and then participate. After this, you'll notify one of the admins of the tourney, Steelig, ArticBlizzard, GekkoGekko or RioluTrainer, on Slack. When contacting us on Slack, you shall inform us who your teammate is as well as your team name. You must also answer one question that we'll ask you when you contact the admin. For more information on Slack, visit <https://slack.com/>.

Also make sure to add the 3DS Friend Codes of the admins listed at the end of this document. This will be important during the tournament battles.

**Remember, registration closes on Saturday 4<sup>th</sup> April, 18:00 UTC. Anyone who hasn't contacted us before this deadline will not be fully registered for the tournament, and won't be able to participate.**

The tournament will begin on Saturday 11<sup>th</sup> April, 11:00 UTC. Make sure to have your strategies and teams ready by then. The tournament will be held on the following Saturdays and Sundays, but will hopefully not last more than three or four weekends. Steelig and GekkoGekko will be available in the time period 11:00-15:00 UTC. ArticBlizzard and RioluTrainer will be available in the time period 19:00-23:00 UTC. The admins may be available outside these periods, but don't count on it all the time. If you don't give us any notification your team can't battle on the tournament day(s) and you don't show up before 23:00 UTC on the day the round is held, your team will be disqualified.

We'll use Slack for communication between participants and admins during the tournament. Please contact your opponents as soon as you can and agree to a time to meet for your battle. The brackets will be made when the tournament starts on 11<sup>th</sup> April, 11:00 UTC.

## Tournament Battles

Before initiating a battle in the tournament, contact the available admins. They will watch the participants in-game with the purpose to see if anyone disconnects during the battle.

If you see your opponents are using one or several banned pokémon, suspect they have hacked pokémon or using a Latios or Latias holding the item Soul Dew, contact an available admin and they will do what they deem necessary. Remember that some sort of proof will be necessary in situations like these.

After the battle, at least one of the players shall save the battle on their Vs. Recorder. The battle video shall then be uploaded online and the battle video code will be sent to an available admin.

## Contact

If you have any questions, don't hesitate to contact Steelig, ArticBlizzard, GekkoGekko or RioluTrainer either on Slack, Cheezburger (RioluTrainer does not have a Cheezburger account) or even the tournament website. We'll be happy to answer your questions. Hope to see you in the tournament. 😊

Cheers, Steelig.
