### ORIGINAL BONES® SWISS

Legendary Original Bones® Swiss bearings are the optimum combination of Bones' Skate Rated™ design and Swiss precision manufacturing, creating the standard by which all other bearings are measured.

Bones Swiss have been preferred and chosen for more than 33 years by the world's top professional skaters. When they say "Swiss," this is the one they mean.

Designed for the rigors of competition skating, they provide the fastest roll, easiest maintenance, and longest life of any similar steel bearing on the market. Bones Swiss normally last several times as long as ordinary ABEC rated bearings.

The lowest cost of our Bones Swiss line, it still outsells all the rest.

### BONES® SUPER SWISS 6

This unique design features six larger diameter balls instead of the seven balls used in most 608 bearings. The advantage of this design is higher speed, rapid acceleration, greater strength and durability. Many pool and ramp riders prefer this model.

### BONES® SWISS LABYRINTH 2

The New Bones Swiss L2 bearings feature a new shield that reduces drag and increases the overall speed of the bearing. The Bones Swiss L2's have a new redesigned inner race and two new labyrinth shields to keep the dirt out longer, but still allow easy maintenance when necessary.

The only difference you will notice is that the L2 Swiss will last several times longer than the original Bones Swiss bearings between cleanings. This significant increase in service life comes at a very small increase in retail cost, so the value is greatly increased.

### BONES® SWISS CERAMICS

Bones® Swiss Ceramics are in a class by themselves. If you want the best there is, this is it. Ceramtec® brand ceramic balls are the finest in the world. When they are combined with our peerless Bones Swiss steel races and Speed Cream® lubricant, the fastest rolling, quickest accelerating, self-healing, longest lasting, bearing you can buy is created.

Ceramic balls create less rolling friction than steel balls and are thus faster and longer rolling, with or without lubricant! If you get dirt into your Ceramic Bones Swiss, the ceramic balls will help to re-polish the steel races flat again after cleaning, providing a self-healing feature because ceramic balls are so much harder than steel. Finally, ceramic balls will not rust, further lengthening their life.

### BONES® REDS™

Bones® REDS™ are manufactured in China to our Bones Skate Rated™ specifications in a manufacturing facility dedicated to producing the highest quality skate bearings in China. They are inspected twice before being shipped to skaters and offer the greatest combination of performance, durability and low cost in the industry. Because they offer near Bones Swiss performance at a fraction of the cost, they have become the best selling bearing brand in the U.S.A.

### BONES® SUPER REDS™

Super REDS™ are designed from the ground up to be the best bearing on the market at this price point. What Super REDS™ are not is a REDS™ bearing with just better super finishing (surface polishing). Super REDS™ are a superior bearing, using higher quality steel races, better quality and grade balls, and a superior surface finish. The result is a bearing that is as fast as REDS™ but quieter, smoother, and longer lasting. Super REDS™ use a black shield and laser engraving to differentiate themselves from original REDS™.

### BONES® CERAMIC SUPER REDS™

The story of Ceramic Super REDS™ is simple. Take the world class steel used in Super REDS™ and swap the steel balls for top quality grade 5, silicon nitride, hot, isostatic pressed ceramic balls and you have Bones Ceramic Super REDS™.

Bones® Ceramic Super REDS™ are lighter and provide faster acceleration because the balls weigh much less. They create less friction and are thus faster than Super REDS™, with or without lubricant! When you get dirt into your Ceramic Super REDS™, the ceramic balls will help to re-polish the steel races flat again, providing a self-healing benefit because ceramic balls are so much harder than steel. Finally, ceramic balls will not rust, further lengthening their life. Ceramic Super REDS™ use a bone colored shield with laser-engraved outer races for identification.

### BONES® RACE REDS™

Bones® Race REDS™ are high quality, precision ground, Skate Rated™ bearings with removable, non-contact rubber shields and inner bearing races that feature a built-in spacer. The inner race is extended on both sides to provide a more perfect bearing alignment for greater speed, eliminating the need for washers and spacers, and to reinforce the axles of your truck.

Bones Race REDS are treated with the same top quality materials as Bones Super REDS to make them perform well at high speeds, withstand the impacts of rough skate terrain, and outlast bearings with lesser quality materials. They are pre-lubricated with Boned Speed Cream® racing lubricant, so they are ready to ride or race.

# BONES SKATEPARK FORMULA "CLEARS"

THE CHOICE IS CLEAR

## PRODUCT PERFORMANCE

WHY SKATERS ASSUME THE PERFORMANCE AND QUALITY OF SKATE WHEELS ARE ALL THE SAME. A WHEEL IS A WHEEL IS A WHEEL, THEY MIGHT OFTEN SAY. THAT'S ACTUALLY NOT THE CASE. IN FACT, VERY LARGE DIFFERENCES EXIST BETWEEN THE RAW MATERIALS, MANUFACTURING PROCESS, QUALITY CONTROL AND PERFORMANCE OF DIFFERENT WHEEL BRANDS. UP UNTIL NOW THOUGH, A WHEEL'S REPUTATION HAS BEEN A COMBINATION OF MARKET HYPE, MARKET MUSCLE, SKATER SUPPORT AND WORD OF MOUTH. BONES WHEELS POPULARITY IS LARGELY A RESULT OF SUPERIOR QUALITY, PERFORMANCE AND DURABILITY.

## REAL VALUE

BONES MAY NOT BE THE LOWEST-PRICED WHEEL, BUT OUR ABRASION TEST CHART SHOWS WHY BONES IS THE BEST VALUE. AFTER ALL, WHAT GOOD IS A CHEAPER WHEEL IF IT FLAT SPOTS THE FIRST DAY? BONES WHEELS OFFER THE BEST COMBINATION OF PRODUCT PERFORMANCE, DURABILITY, QUALITY, AND CUSTOMER SERVICE AVAILABLE TODAY. IN OTHER WORDS, YOU MIGHT BE ABLE TO FIND A LOWER PRICE, BUT NEVER A BETTER VALUE.

## OUR STRENGTH

ALL BONES WHEEL UNIQUE FORMULAS ARE SOLELY DEVELOPED AND PRODUCED IN OUR OWN MANUFACTURING PLANT LOCATED IN SANTA BARBARA, CA. USING DRASTICALLY DIFFERENT PHYSICAL AND ENGINEERING PROPERTIES FOR EACH FORMULA, BONES CREATES UNIQUE URETHANES FOR SPECIFIC APPLICATIONS OF SKATEBOARDING.

# BONES PATENTED DOUBLE ACTION, HIGH REBOUND URETHANE PROVIDES THE BEST RESPONSE, TURNING AND FEEL OF ANY BUSHING IN THE WORLD.

BONES HARDCORE INSERT

WITH BONES HARDCORE BUSHINGS™, YOU WILL NOTICE A NUMBER OF POSITIVE IMPROVEMENTS IN THE PERFORMANCE OF YOUR TRUCKS.

WHEN YOU TURN A NORMAL TRUCK, THE HANGER NUT PUTS PRESSURE ON ONE SIDE OF EACH BUSHING (TOP AND BOTTOM). THIS COMPRESSES THAT SIDE AND PUSHES THE OTHER SIDE OF EACH BUSHING AWAY FROM THE HANGER NUT. WE CALL THIS A SINGLE ACTION BUSHING BECAUSE ONLY ONE SIDE OF THE BUSHING WORKS FOR YOU AT A TIME.

THE HARDCORE INSERT IN THE CENTER OF BONES BUSHINGS CONNECTS THE TWO SIDES OF EACH BUSHING TOGETHER BY JOINING THEM TO THE HARDCORE INSERT. WHEN THE HANGER NUT COMPRESSES ONE SIDE OF A HARDCORE BUSHING, THAT SIDE OF THE BUSHING REACTS JUST LIKE A NORMAL BUSHING, BUT THE OVERLAP BOND BETWEEN THE HARDCORE AND THE CURVEON KEEP THE BUSHING FROM BEING COMPRESSED ON THE OTHER SIDE. IT ACTUALLY INCREASED THE RESISTANCE TO TURNING BECAUSE IT IS ALSO IN PLACE BY THE HARDCORE INSERT. THIS MEANS ESPECIALLY THAT BOTH SIDES OF THE BONES HARDCORE BUSHING ARE RESPONDING YOUR TURNING FORCES. THAT'S WHY WE CALL BONES BUSHINGS THE FIRST DOUBLE ACTION TRUCK BUSHING.

- THERE IS NO BREAK-IN PERIOD. JUST PUT THEM IN. JOUST AND SKATE.
- YOUR TRUCKS WILL BE MORE RESPONSIVE.
- INCREASED TRUCK PERFORMANCE.
- IMPROVED YOUR ROLLING EXPERIENCE.
- YOUR TRUCKS WILL BE SMOOTHER AND POSITIVE, NOT FLOPPY OR TIND.
- 3 HIGH-DENSITY SOFT BUSHING, 21A, 22A, 23A BUSHING, 91A, 92A BUSHING, 94A.
- EACH BONES HARDCORE BUSHING PACK HAS 2 SETS OF BUSHINGS FOR 2 TRUCKS.

Powell Golden Dragon® complete skateboards provide a high quality at an entry level price. They are the perfect first skateboard for beginners and a smart choice for price conscious advanced skaters. Powell Golden Dragon skateboards are created in a Chinese factory that uses our AirLam® presses, maple veneer source and glue supplier. The resulting deck is the best produced in Asia and we stand behind this skateboard with confidence. In addition, each component has been designed and built to our demanding specifications and then tested during production to ensure consistently high quality. Just like our successful REDS® bearings, Powell Golden Dragon® skateboards are well received and respected as a quality Skate One® product.
