UAVAir operators conducting an Australian coastal survey using PrecisionTRAX

PrecisionTRAX Limited Time Offer for Drone User Group Network Members

Be **one of the first** in the US to access our drone deployment and management software. In **PrecisionTRAX,** operators can log missions and flights, manage assets, pilots, and much more. For a **limited time**, Drone User Group Network members can participate.

The offer includes:

- PrecisionTRAX easy-to-use software for UAV deployment and management

- Waived onboarding fee ($150 value)

- Free pilot rating based on DJI logs

- **First 25 members to register receive 3 months free!**

If you fly with **DJI** and provide your flight logs, we can calculate your **confidential pilot rating** using our Underwriter approved rating algorithm. We are working on a new **insurance offer** that will be made available to DUG members!
