A large tower crane with a red and white lattice structure. The crane's jib extends horizontally to the left, and its counterweight is visible. The brand name "TEREX" is printed on the side of the crane's body. The background is a bright, clear sky.

ABOUT COMPANY

HIRING A CRANE HAS NEVER BEEN EASIER

With over 20 years of industry experience, you can be assured that Mantikore Cranes will have the solution to all your lifting and shifting needs.

Mantikore cranes are providers of tower, self erecting and electric luffing cranes. Our cranes and personnel are suitably skilled and experienced to overcome all kind of crane challenges. Ranging from small to large projects we have a crane to meet your needs.

WHAT WE OFFER

Mobile Crane Hire

Mantikore cranes offers outstanding Mobile Crane Hire, servicing Sydney CBD and outer regions such as Blue Mountains, Central Coast, Woollongong and regional NSW. If you are looking for a prompt and professional Crane Hire Service, then simply contact us! Whether its domestic housing market or large complex construction, we have the fleet. Our variety of machines range from Mini-Crawlers, Pick & Carry (Franna type) including All-Terrain Cranes large and small.

Feeling confused? Our friendly Project Management Team can meet with you to discuss the correct method to perform any task, whether its Civil, Mining, Machinery, Frames/Trusses, Pool, Spas or just shifting materials from A to B.

OUR CRANE SERVICES

MOBILE CRANES

The most basic type of mobile crane consists of a truss or telescopic boom mounted on a mobile platform – be it on road, rail or water.

TOWER CRANES

Tower cranes are a modern form of balance crane that consist of the same basic parts. Fixed to the ground on a concrete slab

SELF ERECTING CRANES

Self erecting cranes Simple, rapid and entirely autonomous, Self-Erecting Cranes are especially suited to construction sites

ELECTRIC LUFFING CRANE

An early form of level-luffing gear was the “Toplis” design, invented by a Stothert & Pitt engineer in 1914.
