

CETACEA

CLEAN POWER FOR CLEAN WATER

ARTFUL POWER GENERATION EMBODYING
SANTA MONICA'S VIBRANT CULTURE AND
VISION FOR A SUSTAINABLE FUTURE

SAFEGUARDING THE BAY

The capture and reuse of
stormwater mitigates harmful
impacts on offshore marine life.
Cetacea sculptures also provide
habitat for beneficial species.

HARVESTING ENERGY

Cetacea captures, converts,
and stores wind, wave, and
solar energy.
