UPDATE: The weird case of the missing Interpol chief Meng Hongwei got even weirder.

The head of Interpol had vanished in China for days last week... has now resigned his post and is under investigation for corruption bribery. He was arrested Sunday, October 7, 2018 by the Chinese government.

A link between the battle raging within the Dragon Societies and the Western elite is the most likely explanation.

Get a behind the scenes look at our most amazing formula

I've been accused of being 20 years ahead of my time but I don't want to make you wait that long to find out the latest.

For the past eight years I've been working intently on an amazing project that began over 40 years ago. At that time I learned about a water purifier grown from grains and trapped inside a cement matrix. That's Right! Science Fiction! Twenty-two years later I was given the formula by Joe Dun Sloan, the maker of the D-Cell. And now I'm ready to share one outcome of that project.

The result is a substance that may be connected to what the Bible calls Shewbread but is also referred to as "The Bread of Life", in association with "Living Water". The people working on the project first noticed their health and environment improving dramatically by just being close to the process.

Then we had a test group try the substance. Everyone tasted something different, from Doritos to dirt; from tobacco to vinegar. It was bizarre. As we began offering the substance to more people, someone grew an inch, another person got rid of their genital herpes, diabetic blood sugars dropped, and several people had rapid recovery after near-fatal accidents. After a heart attack a man with 20% heart function says his heart is back to normal after a year of using it.

Another reason why I kept this project under wraps was because our inspiration for the project came from a friend with Gifts of the Spirit including Knowledge. But, I figure, hey, everyone claims the world is coming off its hinges and everything is falling apart, so why not add some miracles to the chaos.

Our gifted friend maintained that this substance gives new information to our RNA affecting our DNA via an improved tuning function of Chromosome 14, allowing the replication of perfect cells. Imagine a photocopier that's duplicating a faded master copy and the toner is also running low. This substance "replenished the toner" so that a new master copy can make refreshed, perfect cells.

And what is this mysterious substance? It's our very own RnA Drops!

To get the full behind-the-scenes story of the RnA Drops, be sure to tune into our special webinar this Thursday, October 11th at 3pm ET / 12pm PT to hear this important information that you won't find anywhere else.

Aloha,

Dr. Carolyn Dean

Oh my!

How can anyone be so deranged or ignorant to write this in a public forum? And someone entrusted to be a school teacher!

Pray for the children who may have been negatively influenced by (her?) Frightening even to look at.

Liberal Teacher Tweets: “So Who’s Gonna Take One For the Team and Kill Kavanaugh?”

A liberal teacher has been placed on leave as her school district investigates a tweet she sent urging people to kill Justice Brett Kavanaugh. The FBI in Minneapolis confirmed it is aware of tweet, which has since been deleted.

The now-deleted tweet appears below:

As Newsweek reports, she has been placed on leave:

The teacher from the Intermediate School District 917’s Alliance Education Center in Rosemount, Minnesota, allegedly tweeted references of killing Kavanaugh, the *Star Tribune* [reported](#).

“So whose [sic] gonna take one for the team and kill Kavanaugh?” the tweet, which has since been deleted, allegedly read.

A spokesperson from the FBI confirmed the tweet belongs to the unnamed teacher, and their Twitter account has also been deleted. Superintendent Mark Zuzek of Intermediate School District 917 released a statement Monday morning following the incident on the school district’s website.

“Over the weekend, the district has received a complaint regarding an employee. The employee has been placed on paid administrative leave pending the outcome of the investigation,” the statement read. “Pursuant with the data practices act, we are limited to providing additional information regarding this matter.”

The teacher, listed as an instructor at the Intermediate School District 917’s Alliance Education Center, has since deleted her Twitter account but her tweet was captured and shared by scores of users who said they reported it to the FBI and U.S. Secret Service.

The Star Tribune is not naming the teacher because she has not been charged with a crime. In a statement on the district’s website Monday morning, ISD 917 Superintendent Mark Zuzek confirmed the district

received a complaint about an employee over the weekend and placed the employee on paid administrative leave “pending the outcome of the investigation.”

Calls to a phone number listed for the teacher were not immediately returned. The tweet was published hours after Kavanaugh was sworn in after a bitter weeklong fight over his nomination, mired by allegations of sexual harassment and a contentious confirmation hearing.

It is unclear whether the teacher will be charged with a crime or what law enforcement agency is responsible for investigating the tweet. While Twitter users wrote that they reported the tweet to the FBI and Secret Service, the U.S. Marshals Service is responsible for protecting the federal judiciary. The U.S. Supreme Court also has a small federal police force in Washington, D.C.

Trump Tweet ...10/9/2018

The paid D.C. protesters are now ready to **REALLY protest** because they haven't gotten their checks - in other words, they weren't paid! Screamers in Congress, and outside, were far too obvious - less professional than anticipated by those paying (or not paying) the bills!

Trump's Upcoming Temporary Martial Law!! Dire Warnings And Loving Advice

One of the most important paragraphs you could ever read... and hopefully share, is highlighted here:

David Zublick Youtube: This is a dire warning to Truth Unsealed viewers, regarding the President of The United States: We believe President Trump is about to enact Martial Law throughout the United States, which will temporarily limit the freedoms of its citizens, with severe repercussions for violators. This is for the purpose of arresting Deep State traitors using sealed indictments, and setting up Military Tribunals, just as was done during World War Two. This includes Deep State actors with names as common as Clapper, Mueller, Brennan, Obama, and Clinton to finally bring them to justice. Is Donald Trump finally about to drain the Swamp? David Zublick unseals the horrible truth in part one of this two part special report! Please visit our other channels to see part two of this two part investigative report. It's the part YouTube doesn't want you to know!

Jim Stone: Deep State Invited To A Cookout...And They Are The Meat...

I was definitely too pessimistic with the FBI and Kavanaugh. Now here's the rumor: James Baker is destroying the FBI. The Fisa memos will be declassified some time early this week (this site as far as I know was the only one to cover the forced hand-in by Sessions last Tuesday) with it written right in the order he'd be detained if they were not handed in complete and unredacted.

Now they will be declassified and released. Surprisingly I never saw this forced hand in mentioned anywhere in the MSM, yet the house judiciary document is right there to be seen, confirming it happened.

Meanwhile there are two rumors about Rosenstein. One is that he and Mueller were chess pieces working for Trump the entire time, to cause the deep state to come forward and identify itself to a not so corrupt FBI. Once the trap was fully sprung, it would be lynching time. We could be there. The other Rosenstein rumor is that he's on AF1 right now with Trump, to prevent him from working behind Trump's back and helping people escape the oncoming wrath. Take your pick.

This all adds up to what appears to be a deep state cook out, where they are getting served up fresh. Only, since they were the cannibals themselves, no one will be eating.

Here's the out take to all of this: Trump had to run an elaborate deception to nail the deep state and he was never the victim. None of the crap was ever going to nail him ever, and he knew it. But the fake Russia investigation served it's purpose as a massive sting operation that is going to lay waste to the deep state because the good guys were in on the game very early on, they were promoting it also, and now all the suckers that came forward with their true colors, while only believing they were part of the winning team, are going to fry.

If that be the case, then we really do have multi dimensional chess going on, and Trump was the only grand master playing.
