Sicuramente ci vuole una dose minima di fortuna per raggiungere i propri obiettivi, ma non aspettarti di raggiungere i tuoi traguardi affidandoti solo a essa. All'apice di tutto ci stanno tre fattori essenziali: la motivazione, la volontà, e la perseveranza. Buona Domenica e buon raggiungimento dei propri traguardi a tutti ☐☐

Having performance goals will satisfy you so much more. Mine was hip thrusting 100kg for reps, when I reached it I was estatic, even though I did it without knowing For you it may be running faster, progressive overload every few weeks, ect. It doesn't need to be a big goal, performance goals are if there small, they're achievable, and these small goals all ultimately make up your big goal.
