<sup>the</sup> Government Imperium of Diamond's 1998 to now under terrorist occupation, blocking and disinformation.

<sup>the</sup> Terrorist blockation be <sup>the</sup> legal name and <sup>the</sup> political Responsibility of State and Government of <sup>the</sup> Czech republic, <sup>the</sup> Slovakia republic, <sup>the</sup> Hungary republic, <sup>the</sup> Romanian republic, <sup>the</sup> Bulgaria republic, <sup>the</sup> Turkey republic, <sup>the</sup> France republic, <sup>the</sup> Italy republic, <sup>the</sup> Portugal republic, <sup>the</sup> Switzerland Confederation, <sup>the</sup> German Federation, <sup>the</sup> Spain kingdom, <sup>the</sup> Belgium kingdom, <sup>the</sup> Nietherland kingdom, <sup>the</sup> Grand duchy of Luxemburg, and another state's of <sup>the</sup> "European Terrorist Alliance's" in <sup>the</sup> clear.

<sup>the</sup> Terrorist political structures into <sup>the</sup> European Union policy and political parties, <sup>the</sup> Council of Europe policy, <sup>the</sup> Organisation for Security Co-operation in Europe, policy, and another political structures of European policy.

Legal statute of <sup>the</sup> Imperium of Diamond's federal government is <sup>the</sup> Independent Government under occupation, formal demilitarization, in <sup>the</sup> blockade of partial exile without <sup>the</sup> Legitimation and only in <sup>the</sup> European territories.

Europeans and their crimes as the World Terrorism and Damaging of all international rights of the UNGA Convention, all principles of the UN Charter, therefore too automatically lose all rights for Political recognition and legitimacy, lose rights of sovereignty, under International rules directed only for full liquidation.

European crimes, tyranny, slavery, murder to death, rape, torture, apartheid, and damage the quality of name, Dictatorship in the streets, rob identity and home, violence, falsification of police investigation or justice trials, threaten and censor legal information into media.

Terrorism and crime of fraud, abuse of political position and criminal situation, terrorism of neocolonisation, organized crime international character, attempt to colonisation, formal occupation, damage freedom of media be interest of Democracy and Justice damage, all forms of the crimes.

the Genocide of 320.000.000 people, attempt to genocide of 7.000.000.000 people. Crimes who today damage legal rights, claims and all Jurisdiction of all of every country around the world, and damage financial values on every country in minimal calculation of losses price's out of financial maximal capacity planet Earth.

the Crimes and statistics of crime who outstrip all statistical values of the WWII, global dimension of genocides, crimes, occupied countries, damage peace.

European policy, government and state, the most biggest terrorists and inhuman identities in all times of Human History.

and to today, only one of European reaction is, political apertent, fraud and corruption, lie in the policy and in media, terrorist intervention into foreign territories and kill policy, spy and abuse of informations, genocides be special military technologies and earthquakes or cyclones, expand virus ebola and zika with threaten 2010, many many many forms of the Global terrorist crimes and attacks.

Terrorist European structures into the Policy of Government, terrorist cooperation in the State Services, the terrorist activities public and full support be the civilist, nation.

European policy lose all forms of legal recognition, automatically lose of Governmental and Sovereign or State Validation, today statute automatically valid be the Global Declaration's of the UNGA Member countries, 193 countries of the world, and the World System of Modern policy after and to prevent against World War II, therefore the Charter of UN.

European countries, governments and state's as the Globally Terrorist subject who is directed only for liquidation as the Terrorist identity, terrorism against the whole world and confirmed threaten with real attempt's to start the first Global War 200, the war all around the world in every territories and civilization's, the threaten of genocide more than 7.000.000.000 people of planet Earth.

European policy stop a diplomatic morality of their people, and their duties to prevention of genocides or crimes.

To the time when is stop diplomatic relation, and to the time when they is behind government to fully unrecognize right or option of Europe for their internal-security operation, than until and validate today, full dimension of Europe is directed only for liquidation be the Weapons of Mass Destruction's, the Nuclear guns, the Chemical guns, the bio guns and viruses, the guns for real massive liquidation and as a first step without any warning before or attempt to diplomatic affairs. Confirmed be UNGA Conventions and UN Charter as the UNSC obligation the same as every UN member or another government's.

Therefore, I King Peter Gottwald, I have <sup>the</sup> agreement for our aply, between <sup>the</sup> Federal republic of Germany as political subject who present about his civilization as an after regime of <sup>the</sup> Fascist Third Reich of Germany, and therefore today Federation as <sup>the</sup> government who play their understanding and full respect of today <sup>the</sup> existence and this principles and right<sup>s</sup>, therefore it mean that <sup>the</sup> New Germany have all interest for full agree with <sup>the</sup> Imperium of Diamond's federal government and therefore commonly establish a Justice and all Legal Recompensation with "All Punishment<sup>s</sup>" of terrorist<sup>s</sup>.

<sup>the</sup> Imperium of Diamond's federal government and first Diamond Oasis development plan for civilization function start after occupation and formal demilitarization, start development of 35.000 social skyscraper's for 10.000.000 people start population, all trade's of Industrial production<sup>s</sup> and agricultural indoor-plant<sup>s</sup> with a great research activities.

<sup>the</sup> European Judicial Duty for recompensation of all lost profit<sup>s</sup> and finance or civilizational step<sup>s</sup>, therefore I today plea to <sup>the</sup> Germany, His Madame Angela Dorothea Merkel, about possibility to support recompensation and stop of dept-growing by <sup>the</sup> development cooperation in <sup>the</sup> Metallurgy, Electronic, Chemis, Bio-organic, Mechatronic, Machinering, Architecture developing or agriculture industries establishment with a another standard civilizational bases as <sup>the</sup> industry of consumption commercial principles, and too Internet developing zones or telecommunication.

Yes, it is a true, that today European policy can hate against your government, just only because this policy is criminally and responsible worse than any historical identity as <sup>the</sup> Adolf Hitler, Osama bin Laden, and any of <sup>the</sup> "benocide Psychopatic Monster<sup>s</sup>", all in <sup>the</sup> world and in <sup>the</sup> human history.

Your Government of <sup>the</sup> Federal republic Germany is under terrorist cooperation with all of European terrorist<sup>s</sup>, and it mean of <sup>the</sup> responsibility under International right<sup>s</sup> as <sup>the</sup> Dislegitimation of your Sovereignty, and validity of regime as <sup>the</sup> Terrorist subject, <sup>the</sup> same value of <sup>the</sup> ISIS terrorist group, or another terrorist squad group<sup>s</sup>.

According International Right<sup>s</sup> who have Legal claim<sup>s</sup> recognized about <sup>the</sup> German or European's territorial sovereignty, I am today only one man and Legal government who have a claim right<sup>s</sup> for change sovereignty of your countries, and than therefore I am only one who can develop <sup>the</sup> Jurisdiction in your territories.

Therefore, your Government can give to Me, <sup>the</sup> Great Thank<sup>s</sup> for my attend to aply of development cooperation and only diplomatic start.

Real value of European and German policy only as <sup>the</sup> sovereignty be be Juni and stabilized it be power of World terrorism, threaten of world war, <sup>the</sup> damage of media, and damage of State Democracy. Today, right<sup>s</sup> Imperium of Diamond's for sovereignty with all support of International Right<sup>s</sup>, <sup>the</sup> UN Charter and too in form as <sup>the</sup> UNSC Legal duty for Resolution about <sup>the</sup> ID's Sovereignty De Facto.

Today according <sup>the</sup> world Legal principles, I am <sup>the</sup> Man King Peter Gottwald, <sup>the</sup> Man who is therefore Politically, Economically, Socialy and in every direction really very much valuable person than you are, your policy and government and too state, nation or civilization.

If do you lose <sup>the</sup> obligation to respect Justice, you are must be than therefore immediately liquid be any form of <sup>the</sup> WMD's. Because you not support <sup>the</sup> Legal principles and recompensation be <sup>the</sup> aply of Diamond Oasis reconstruction.

You lose all value, and without me, lose too of existence.

Therefore today, I must directed your regime of the Germany, your duty is too for cooperation interested to contact all of refugees camps in Europe and all of Migrant's or Immigrant's, because they are have a too rights for my citizenship and life into the Diamond Oasis or any where Imperium of Diamond, today the refugee crisis in Europe and 60.000.000 people who must lose their home and life-standards for migration and escape, Statistics worse than World War II, repeathly as responsibility of European policy.

The Imperium of Diamond's have between one year all possibility for grow of populational capacity for 10.000.000 people, home, food, emergence, textil's, hygienic, education and school's, job and labor experience, every needed source for life quality and development.

Every one of migrant have a claim for recompensation of financial value 10.000.000.000 € for every one month. the ID's have open for all people, not discrimination.

Therefore, I like agree of our cooperation and legal rights be Diplomatic and Safety principles with the principle of respecting International Conventions with respect to the judicial process who is in future open be every country all around the world and their state tribunals, I therefore hope that your policy is intelligent and without disrespecting.

I'm a great Man who have a right's for many special options and development, economy of 10.000.000.000.000.000.000.000.000 € to calculation of only 10.000.000 people, with base on primary 25.000.000 corporations, dynamical civilization, high-tech technologies, special military plans or many important political values greater than today United Nations organization or European policy.

In every case, I'm a great man who is for Germany very good step, and if I'm normal situation, without your crimes, than I'm full supported from your Government, your Policy, your Parliament and too from your state, because I'm for your country the best step in history,.... today as a last chance.

The New Germany Federal republic after recapitulation of fascist Germany, it mean that your regime is not support legal steps and claims under International rights, than the recapitulation of fascist Germany is recognized as fiction, because the new Germany as the same policy, state and people, nearly as the same crime and many worse genocides than World War II. Adolf Hitler.

Not interest, the Germany is only fictive subject and legal validity is use the fascist rich of Germany. the UN Charter Article 53, and 107., all of your terrorist alliance.

I thank you very well,  
Good Luck!!!

X the King Peter Gottwald

P. Gottwald
