## Truth about Samuel and Presiyana

The blog here is to show you who are **Samuel**(known as Pot) and **Presiyana**(known as Venus) from a game call Lords Mobile harass people in the game and in social medias. They changes Lords Mobile names a lot because they are deceitful. They also stalked previous members in their new guilds and hack their accounts.

Samuel is the guild leader of **FvK– HALL OF FAME** and Venus (a R4 in the guild) assist him, they do plans only between them. They are lying manipulators that only do things for themselves, hacks people accounts, talk badly behind people back and tell lies about them.

### **FvK – HALL OF FAME (old name DTp - DISTURB THE PEAC3)**, first guild name was **BLS - Black Spartans**.

They are now stalking me and old members in their new guilds and trying to hack our accounts. They stalked us for more than 1 year. In the screenshot below, Samuel is TORTURE x and Presiyana (VENUS ALT).

Truth about Samuel

Truth about Presiyana

Hello, my name was Morsus and I was in **BLS** guild since the start of the first hive. I had helped a lot of members and sent out a lot of guides that the members thought I was the guild leader.

In the beginning I was the highest might, I was defending the guild and even spent 540000 guild coins to save Samuel's leader. Then Burning Pot allowed people to insult others members and me because they had higher might, I had stopped doing much in the guild.

#### Samuel and Presiyana talked badly and spread lies about me

I grew tired of Samuel and Presiyana were talking behind my back and telling me bad things about other members. Not only that, they spread big lies about me when I left. They can only talk behind people backs. Why don't they talk when I was in the guild? Because liars don't have proofs or valid arguments and can only talk shits when the person isn't here.

I also changed my name because Samuel is a stalker, he stalks every member that leave the guild with his alts.

#### Samuel demoted me and made me look like I was traitor

He demoted me too many times and I asked him why, see below the conversation. Sent to is my replies and without it, is his replies. I was still in the guild and he start to insult me.

He changed his name to **CANDIDIASIS**, only him an idiot like him pick names like that. I asked him why he demoted me.

I had stopped only 1 task of recording number of times someone leader is being captured. Because nothing it down when it wasn't being used is a waste of time. I have a work in RL that takes lot of my time not like him.

I gave my answers here and never talked about guild matters to anyone outside the guild. Talking about how Presiyana was manipulating others, is personal. He clearly doesn't have any valid reasons.

Now he says I was talking to Seeb, I was only replying to Seeb insult when he was insulting me in K296. Samuel was insulting Seeb too and Presiyana was sharing secrets with Seeb to get info how to play the game.

The only progression in the guild was me who brought since its creation.

Samuel confirmed that I have done more good in the guild here.

Now he starts to insult me like he did to others members that left too before.

Samuel is insulting me that I am kid and don't work. He doesn't even know what an ERP is, a Consulting company and the big 4 firms. He said he does payroll for 500 employees, lies again. I design business system of multinational companies, even the smallest one has at least 3 people for that. I doubt he has any knowledge of accounting either. At 27, he still lies like a little kid, what a shame that guy is.

He changes his name to GROW BALLS, thinking people are stupid and doesn't know that is him.

Proof that he had GROW BALLS name, he is Rank 5 which means that he is the leader of the guild.

### Samuel is beyond retarded and stupid

Samuel(Burning Pot) doesn't know how to write "Villains" and call others stupid and that he is more intelligent, the iron, look below the name of the guild. Only guild leader can change the name of the guild. Other guilds looking at that will laugh at you. Do you think a leader that doesn't know how to write a word can lead you? He only makes alts to stalk people and fail all guild progressions.

Pot names himself stupid names and think that affects others. Yeah he is that dumb, he named himself a guy's penis!

### Things that I have done for the guild

1. Send multiple guides and tips about Lords Mobile.

First week I started the game, I already knew how to do War of Wonders. While learning I was sending multiple guides in the guild and was still doing so till now. I think I am the one that has sent most guides in the guild. The idea that I am working on now is how to make guild members get real money to buy packs, it's 99% completed.

2. Defended the guild when I was the highest might in the guild and save Burning Pot leader multiple times.

3. I created our sister guild BLJ and was in charge of it, Circe was in it, she can confirm. I stopped looking after it when Pot demoted me from R4 to make some higher might feel good about his ego.

4. I was monitoring the guild members captured list and send a report each week.

5. It was me and Mex who thought of the small Hives formations. Here is the diagram that I had posted in Mod Chat. This is only 10% of the idea, I had more plans for the formation. Venus and Pot implemented it wrong to this day.

6. Command defence and counter attack on a higher might guild. I had command the defence and counter attack of the guild when we were being attack by a stronger guild before. Mex, Captain Chem, Joshua44, Arakor, SmoothAD and Circe were here. We save our members leaders under my command. Till the start of the guild, no one else did that. Mex talk about it here, look what he said about me.

### Conclusion

Samuel(Burning Pot) and Presiyana(Venus) are not doing anything for the guild members only for themselves. As you have seen, they can only lie and talk badly behind people back. If they could put these efforts in helping you guys.

Kingdom migration was a failed, they didn't know how to check how many migration scrolls needed even we all asked them in Mod Chat to tell us what they are doing. They don't say anything at all and fail miserably. Burning Pot has been playing this game for years, he doesn't even know that, I guess his stalking habits of other people is more important for him.

All hive formations are failures, Burning Pot and Venus failed all hive formation. Again, all R4s asked them what they are doing, they don't say anything and failed it all the time.

Guild Fest failed too, Venus delete all the quests for her to pick the ones she wants to be top the list. Another fool, get nothing for being top in the list. I have done a Guild Fest feasibility study on how to achieve the best, didn't share with them since I knew they would slander me in the future.

The guild is in regression, no improvements at all and there are a lot of things that you should have learned before kingdom opened. Burning Pot is a bad leader, his goal is to get the guild might high then sell it.

In K296, my alts were in sister guilds of the main guilds, it was thousands of times better what H0V is right now. Here you don't learn anything and leader is an idiot that stalks women and do shits ideas.

This blog is to make you guild members open your eyes. Don't believe me, check the next months, no progress at all and will stay the same.

### Truth about Presiyana

### Intro

Presiyana info:

- In-game names are HIKARI, AlphaCentaur, MONTEZUMA, Venus
- Real name Presiyana Varbanova
- Real Life location Pirdop or Sofia, Bulgaria

First time I talked to her was in April 2018, I was a R4 and she was new. I needed someone to assist me with tasks and monitoring, I told Pot to make her a R4 secretary for her to be able to do her tasks. **Presiyana** ask guys for their photos and talk sex with them then accused them of sexual harassment.

I had befriended Presiyana because I thought she was intelligent and open-minded person that acted with logic and humility.

# I don't date women online, it's stupid and most are liars. Presiyana has been spreading lies that I wanted to date her, I didn't even ask her for her Facebook. You want to date a girl, do it in RL and in your country.

We were only friends in-game then I added her on Whatsapp, she got closed to me and told me personal things. I had some doubts that someone would get this closed fast isn't up to any good but I listen to my conscience to give her a chance.

After 2-3 months in June/July, her attitude changed and she acted like someone else. She was nice and understanding between April to June, then her attitude change, she was cold, tried to dig info from me and a total bitch. All her answers were like she was bitching and didn't care as long her whims were done. I confronted her why she had manipulated me, she blocked me on Whatsapp. That why in these chats her pic isn't shown any more as I took the screens after.

I suspected she got closed to me to learn things and to get closed to Pot so she can feel like a leader. She is ambitious and manipulative, she doesn't care playing with people to achieve her goals. Now having Pot full trust, she didn't need to pretend be nice any more. After Presiyana blocked me I investigated and found out that she was telling lies behind my back and sharing our Whatsapp screen to some guys and making lies that I was harassing her.

Presiyana was telling secrets to enemies in K296 like Seeeb from 0fk and AAJ guys. She is tramped, flirt even with enemies' guys. She changed her name on Wegamers from Ayumina to a random name and deleted her friend list which had Seeeb and AAJ guys. Why would she do that? When you block someone, they can't message you.

Presiyana is liar, manipulator and selfish person. These screens below are proofs that she is a liar and like to talk badly about guild members behind theirs backs. I'm sharing the screens because Venus did it first with some guys in the guild. I'm only showing you all the truth.

### Presiyana befriended me and get closed to me

Normally I wouldn't show the personal screens but only the screens where she talks about Pot and the guild members. But since she is telling lies that I harassed her and asked her things that she didn't want, it leaves me no choice to show the context. Venus said that I was a dear friend. I have taken this screen before she blocked me that why her picture still shows. I knew it would help me in the future. Green background text is me and white background text is Presiyana.

### Asked Presiyana personal questions and her answers

Presiyana told a lot of people that I asked inappropriate questions, she was annoyed by them and that why she blocked me. Bunch of lies, I asked her these questions April-June; she blocked me in July for another reason that I will explain later.

I asked her that question on 16th May 2018. Calculate how long that was and she blocked me on 13th July 2018 which shows why later.

Here (same screens as above without the date) I asked her a personal question about her virginity to see how open minded she was because she was pretending to be too closed to me. Presiyana seems to react fine in those screens.

Presiyana here told me to talk whatever I want to and that she understands me. She even said it is normal to be curious about it. Now she goes around tell people I asked her inappropriate things.

Presiyana told me that her sex fantasies were to do gangbangs, sex with horses/animals and she puts sticks in her kitten holes. She is fucked up, she abused animals. I doubt she is a virgin like some people doubt too. She pretends to be introvert but talks with 10+ guys at the same time, request their pics and talk badly about each other.

Presiyana tell lies about inappropriate question about the bra size joke as birthday gift. It was only a joke, she talked about her virginity, masturbation, her period and even said my adults' jokes are fine. But since I told Pot about how she was manipulating guild members and tell lies around them. She spreads lies that I was harassing her.

Presiyana even said "Imao" meaning Laughing My Ass Out", that is laughing a lot more than LOL. She didn't show you guys that, she hid the part where she was laughing. Shows how much of a lying manipulator she is.

### Presiyana asked Zippy for dick pictures

Below Zippy told me that Presiyana asked him about his dick's pictures. Some people told that Venus asked them for personal pictures, I won't be surprised she asked a lot of guys for their penis pictures as Zippy told me below. V stand for Venus(Presiyana) and D for Dick.

### Presiyana talked badly about other guild members and people

Presiyana talks badly about everyone in the guild, she is a coward that can tell people what she really thinks. Below are some examples, I'm sure there are a lot more of her talking bad with the other guys she talks with.

### Presiyana talked badly about Circe

Circe is a good girl, Presiyana talked badly about her, what a shame. If Presiyana has a problem with Circe, talk to her not to talk badly about her behind her back to multiple guys.

Circe wasn't responding to one of my mail, I asked Presiyana a simple question. Look how long she types when she talks about people. When I talked games with her, she didn't type that much.

Circe was doing a supply quest for Guild Fest, who else other than bank can supply that amount? Presiyana always supply to her alts and Pot. Another member, she doesn't help. Pot never send resources to the bank by the way. Bag resources should be last resort, Circe sent resources to the bank and Presiyana steal all of it for her and Pot.

Presiyana says Circe joined team of idiots. Again, I was talking about people not joining DN, she is talking badly about Circe.

Presiyana laughing at Circe and Za Hunter.

Presiyana judging people and again talk badly about Circe. I think she is jealous of other people that are more intelligent than her. That why she talked badly about Circe and me a lot.

### Presiyana talked badly about Boopsi

Presiyana main hobby seems like talking about people behind their backs and spread lies about them.

She talked bad about Boopsi too, saying she isn't smart and she is bad.

### Presiyana stalked women and laugh at them

Presiyana went on download pictures of women from enemies' guilds on Wegamers in K296 and laugh about them. Presiyana, she isn't beautiful or hot, she is laughing at other women appearances. She laughs at guys appearance too.

Presiyana stalked women from K296 and talks badly about them. She shared me Ginnette pics and some other women. See her conversations are mostly insulting people behind their backs.

Presiyana said she stalks more women from Wegamers.

Presiyana said that she does that to know who she is dealing with. Nice lie, she said they looks bad. Sinner had removed her RL pic because her dad died recently and Presiyana is blaming her for removing her pic. Presiyana doesn't care Sinner had lost her dad and was more fun for her to laugh at her looks.

Presiyana talked a lot about Pot how he is stupid and all his ideas are shits. She said he doesn't know shit here. More screens in Burning Pot section.

# The reason Presiyana blocked me

Presiyana blocked me because I was confronting her, she was friend with me only to manipulate and control me. Not only her behaviour changed towards me, she was ordering me to do things like she possessed me. A kid of 20-year-old tried to tell me, a guy of 33 years old orders. Never once I ordered her to do something.

Presiyana here said I don't do anything in the guild and that I just watched.

I have saved Pot and guild members leaders multiple times when I was highest might in the guild. How many times did she saved guild members leader or Pot? Zero, she can only attack weak players.

Arakor was pissed at Pot for demoting him and was talking badly in guild chat. I talked to him and thought he was insulting me. When I figured out it was a misunderstanding, I told Arakor sorry. I had Fake and Feryn insulting me too because Pot said to enforce leader capture rules. Pot insulted Arakor badly, I asked Presiyana why she didn't tell Pot anything but me. She can't answer, she is a coward that can only talk behind people back.

On the 13th July 2018. I told her some people have ego and need to discuss with them not let them rant in guild chat.

I asked Presiyana why she always tell me stand down when people are insulting me in-game and my real life. She blocked me after that, the grey tick showed she didn't read. Even if I have a good work, I don't show off. It people that call me kid and shits then they cried when I told them what I have achieved.

# Presiyana makes clans in the guild

Presiyana befriends guys mostly and fool or entice them by being nice and friendly to make them defend her. I guess is a tramp that like have guys around her as her lackeys.

Presiyana never achieved anything in her life, she tells that people are dumb and she thinks she is smart. She is studying useless languages and language are easy. Here she said that in the guild there is smart vs dumb people. She reads theory on internet and think she knows people.

# Presiyana hacks people Facebooks and emails

Presiyana accessed one of my lawyer's investigator Facebook account with a Philippines proxy (meaning pretending to be from the country) and terminate his account. We have her traced showing it's her and the account was being monitored. This is a criminal offense to do that.

She also tried to access the person email account, we think she stalks all the persons that sharing theirs Facebooks and emails with her. Be careful.

Below is a screenshot of her gloating that she hacked an account.

#### Proof that the screens are real

Presiyana has shared a lot of screens from her chats with Pot with me and shared RL pic of Hunter too. Where would I get those if it wasn't true? She shared RL pics of people and download them. In the screens, I showed you she downloaded women pictures on Wegamers and shared them around. She shares everyone pictures.

Presiyana full name is Presiyana Varbanova and here are her pics. Since she shared my RL pics and other guys pics behind their back. She has shared over 10 people RL pics without their authorisation. You can see hers too.

Her real-life pic on Whatsapp.

Her real life pic that was on previous Wegamers account called Ayumina, now called Flytrap.

I have tried to solve this peacefully by asking her to talk and stop her slanders. She ignored me, continue to spread lies and share the real pics that I gave her. Someone told me that and showed me her pics below. Watch that trash, she can only spread lies and people pictures. I thank that person for warning me and give me those. These are public pics on her Facebook, search for "Пресияна Върбанова" on Facebook.

She is a wannabe Japanese, a lying and deceitful bitch like here could never be like them.

#### Conclusion

Presiyana Varbanova is a lying manipulating bitch, she played me trying to be close friends and shared all our chats and pics to other guys. She only talks to guys privately and share their chats with each other, look like a whore that like to entice guys to me. Why would a girl share RL pics and personal chats with other guys?

She said everyone in the guild is stupid, she thinks she is the most intelligent person. She manipulates people psychologically to fool them and use them.

Presiyana(Venus) pretends to be helpful and good, she isn't. I have known her for 4 months, that a facade. In reality she is selfish, jealous, spiteful, huge bitch, small minded and narcissist.

Be advised she steals real life photos of people and make fake account of them to stalk players and other people.

I advised you guys and girls not to share your pics or personal info, she will tell other people and laugh about you and spreads lies.

# Truth about Samuel

#### Intro

Samuel Info:

- Lords Mobile names Burning Pot, Yolo, Malone
- Real name: Samuel Wise (last name probably fake).
- Location: Accra, Ghana

**Samuel**(leader of the guild) is a big liar and manipulator, he pretends to be friendly to people but talk badly about them behind their backs. He said he works for 3 companies but he doesn't work at all. He has 3 guilds that he makes to grow and sell them later for money. He makes a lot of Lords Mobile accounts to sell them or spy/stalk on other guilds.

He never defend any of his guild, he only talk shits, hide and stalk people on social media's and in Lords Mobile.

# Samuel Give Permission to make this blog

Below Samuel gives his permission to make the blog and Reddit about them and the guild.

# Informed Samuel about Presiyana

I started to inform Samuel(Burning Pot) about Presiyana when I found out she had manipulated me and she shared secrets with Seeb and AAJ in K296. Look below what we talked about.

Note that the screenshots backgrounds have 2 themes, I took some screenshots recently with the default theme and some with the Lords Mobile theme before.

I have done an investigation of the bank since a lot of members were sending resources and most were requesting any. I gave Samuel below an estimated example how much resources can make in 1 week. The bank should have 500 million of resources and doesn't tell the members to get them back.

Here is a screen of the gold that the bank has 398 million, should the same amount for other resources. She has all these resources and don't give the guild to grow. Presiyana kept only for her and Samuel.

|              |             |  |

Samuel informed Presiyana what accusations I had against her, she refused to do 3way conversation to discuss about it. I don't like to take behind people back, I requested that we all talk at the same time. Only liars and manipulators talk behind people back.

I told him that she is probably manipulating Titties now.

Samuel asked if I was in the plan of Presiyana to get most guys on her side. I don't have time this crap, that childish and stupid to make clans.

I informed Samuel that I never hide my opinions from him, I had always told him what I think of his decisions. The green dots left of the text mean he read what I had told him even he didn't reply.

I told Samuel if Presiyana(Venus) has a lot of free time to talk badly and lies behind guild members back, she can use that time to do productive things for the guild. I never mention to kick her in any of my chat.

He replied the part where I said I defended him in Mod Chat when Gosu and Unique tried to take over the guild saying he isn't a good leader and Presiyana should be leader. Presiyana was happy about it and was for it. She changed her mind when Unique insulted her. Samuel also confirmed I did defended him.

Even Samuel(Pot) agreed that Presiyana(Venus) refusal to do the 3-way chat is that she is lying. I told Samuel that for things to work in the guild, we should discuss about it all. Presiyana never did the 3-way chat, blocked me and continue to tell lies behind my back and fill Samuel head with shits.

# Truth about Samuel

Before we had a R4 meeting in Mod Chat about people not saving their leader. I asked Samuel(Burning Pot) if I could kick and burn someone that is near my hive to teach him a lesson. He agreed here and in Mod Chat, he said he was against it. Samuel tells lies too, I have seen that when Arakor had talked to him about removing people that don't do Guild Fests. He had given him approval and in guild chat said he hasn't.

🛈 🛜 🚮 🚮 90% 🛙 15:02 **BURNING POT** 

Below I asked him if I could do that, he said he agree.

He insulted me after I left, shows the screens above are real.

Samuel insults most people that left the guild, here Presiyana told me he does that to everyone that leaves. If you have him on Facebook and you leave the guild, he will stalk you.

Samuel(Pot) insulted a player named "Cold", a member that was here when the guild first started.

Presiyana says Samuel(Pot) shouldn't treat Cold like this, someone he called friend in the screen below. She is a hypocrite liar, she called me a dear friend and Hunter and good friend. She talked badly and tell lies about us behind our backs.

# Samuel hits on every girls in the guild and harassed them

Presiyana(Venus), Moon and some other girls told me Samuel(Pot) hits on them and harassed them. I don't get it why he does that, he won't even meet them in real life. He is from Ghana in Africa. He tries to add all girls on Facebook and requests their pictures.

Pot hit on Presiyana the first time she joined the guild, here what she told me. He told Presiyana he wants to marry her and send her multiples kisses and shits that she doesn't like.

Samuel(Pot) had asked me to asked Circe if she was a girl and how old she is. I have been in sister guild with Circe for a month, never asked her anything personal. I told Pot to move her in main guild since sister guild wasn't much active. He wanted to know if she was a girl.

There was a girl in our guild call Moon, she left and Samuel(Burning Pot) stalked and harassed her in her guild. He made an alt and stalked her there. He even insulted her badly as show in these screens. Moon had showed all R4s these screens, nobody said anything.

Samuel(Burning Pot) went to harass another woman call Marceline in RKQ guild (I didn't take any screens at that time) and in another kingdom guild. Some from her guild message me ingame to ask me about her, here what Pot said. He went on to stalk her from K296 to her actual kingdom.

Presiyana told me that Samuel(Pot) only give high ranks to high might players and fool them to spend money when he hasn't spent anything at all on his 10+ accounts.
