Das Gemeinschaftskonferenz,

Conscious that unknown groups have perpetrated numerous terrorist attacks on Oclusi soil and continue to perpetrate such attacks against the internationally-recognized Oclusi government and against civilians,

Reiterates its grave concern over the ongoing and increasing threat of piracy and armed robbery at sea against international vessels off the coast of Oclusia, especially fishing, merchant, and passenger vessels,

Aware that the government of Oclusia is in dire need of assistance to provide and coordinate humanitarian assistance and security operations to help resolve the crisis,

Recognizing that the political situation in Oclusia is unstable and governance is weak, thereby impeding progress on security and national defense reforms following the deadly events of the Oclusi government's persecution of Courantists in 2019,

9. Asserts that factors of underdevelopment form a vicious cycle,
10. Further recommends that member nations of the Gemeinschaft engage in economic development programs that aim to build initiatives in the recovery effort,
11. Requests that the Oclusi government, upon the conclusion of the ongoing crisis, immediately begin peacebuilding efforts towards the development of democratic institutions to ensure long-term stability and be able to defend its sovereign territory and to provide basic security services to its own citizens.
