OPEN LETTER

RE: REPLACEMENT TO "THE WORLD BANK GROUP"

TO: UNITED NATION MEMBER NATIONS

Year 1944 "The World Bank Group" was created with Main Mandate is for the Reconstructions, Redevelopment and Rehabilitation of particular country/nation Damaged by the "Second World War", and it's Main Functions as a "Main Regulator" of all the "Banks" in the "world" particularly "Nation Central Bank" (CB) to ensure the "Global Economic Recovery";

But after more than "Seventy Five" (75+) long years "The World Bank Group" Failed to implement both the "Main Mandate" and "Main Functions".

The "Global Economy and Financial" Collapsed was the result of "The World Bank Group" Failed to "Act" without fear and without favour as the "Main Regulator" of All the "Banks" in the world.

Year 1971 (August) when "The World Bank Group" permitted "Nation/s Central Bank" to "Print" "Nation Currency" without the Mandatory corresponding "Back-up Reserve" of "Precious Commodities" (Gold, Diamond, Platinum, Silver, and other Precious Metals and Gems (Stones)) particularly the "United States of America" (USA) "Central Bank" (CB) the "Federal Reserve System" (FED) to Print United States Currency the "United States Dollar" (US\$), that almost all nation followed until now that all nation/s currency are "Fiat Currency" that resulted of uncontrollable "Hyper-inflations" and "Currency Imbalance" that caused the "Global Economic and Financial" Collapsed

Starting year 1946 after the "Second World War", ended "The World Bank Group" Failed Miserably on the Main Mandate for the "Reconstructions, Redevelopments, and Rehabilitations" of particularly "Country/Nation" Damaged by the "Second World War" because of "Lack of Funds" here comes the "Third World War" the "Economic War" brought by the "Corona Virus Pandemic" the "super majority" of the less than "Eight Billion" (8,000,000,000-) people of the world are now an "Economic Victims" that are Badly in need of "Financial Support"

Page 1. Letter to UN Members thru Secretary General of UNO

"The World Bank Group" cannot do anything except for "few words" of "encouragement" because of Lack of "Financial Resources" to implement their "Main Mandate", and presently "reported" on social media "The World Bank Group" will provide some financial

support to some nations with “Malicious and Manipulating Conditions” before availing the fund support;

In the present situation our organization (C-GRUP TRUST) is requesting to all “Nation Members” of the “United Nation” (UN) to make a “Resolutions” to Replace “The World Bank Group” by an “Organization” with “Financial Resources” that can “implement” the “Main Mandate” and “Main Functions” like the “ASBLP Group of Companies and ASBLP Bank” Headed by “Anthony Santiago Martin” (ASM) with Eighty Thounallion United States Dollar (US\$80,000,000,000,000,000,000) Funds with Bank Account/s Balance since year 2007 that officially “recorded and recognized” by “The World Bank Group”, International (Global) Financial Institutions in the world and the more or less “one thousand” (1,000+/-) “Depository Bank” worldwide.

The “Nation Members” of the “United Nations Organization” (UNO) “MUST” Act at the “soonest possible time” to “save” the Dying “Global Economy and Finance” and same time “Saving” the “people” of the “world” and our only “Mother Earth” (Blue Planet) for more “Agony” and “Suffering” because of the present conditions under Comatose of the “Global Economy and Finance” at the “Intensive Care Unit” (I.C.U.) of the “United Nation Organization” (UNO) Emergency Hospital;

Attached are letters from “Antony Santiago Martin” (ASM) and “Spiritual Wonder Boy” Sole Representative of the “ASBLP Group of Companies and ASBLP Bank” addressed to All the “Head of States (Country/Nation), Nations Central Bank (CB), Depository Bank/s” of “ASBLP Bank Funds” please send copy to all “Member Nations Permanent Representative” in the “United Nation” (UN) for their obligations and responsibilities to inform their respective Head of States (Nation/Country) and other nation agencies;
