Hi-Tech Pharmaceuticals Decabolin or 19-Nor-Dhea is a prohormone. It is actually considered to be more of a prepro hormone. How does it work? To make it simple for you: Through a two step conversion, 19- Nor-DHEA will ultimately convert to Nandrolone (Deca). We can dispense your private prescription at our pharmacy. Find out the cost of your prescription by emailing us a copy of your prescription or bring it to the pharmacy. Decabolin by Hi Tech Pharmaceuticals is the ultimate "stacking" prohormone to complement any of the other super anabolic Hi Tech prohormones. Decabolin by itself is still a great stand-alone cycle, but the true benefit to this compound is the extremely low side effects and non-aromatization.
