

## RUBBER

## SUPER MPT MULTI PURPOSE OIL RESISTANT (NON-CONDUCTIVE)

A premium oil resistant multi-purpose hose that is of rigid mandrel construction which produces a true round, concentric hose. Superior adhesion of the hose layers provides endurance in tough applications. All of this added with super flexibility for easier handling. The hose is electrically non-conductive with a minimum resistance of one mega-ohm per inch at 1000 volts DC.

### CONSTRUCTION

**Tube** - Black nitrile rubber.

**Cover** - Black and red nitrile/PVC.

**Reinforcement** - Multiple textile plies.

### TEMP RANGE

-29°C to +100°C.
