*Seal not the sayings of the prophecy of this book: for the time is at hand.*

*He that is unjust, let him be unjust still: and he which is filthy, let him be filthy still: and he that is righteous, let him be righteous still: and he that is holy, let him be holy still.*

*Behold, I come quickly; and my reward is with me, to give every man according as his work shall be.*

*I am Alpha and Omega, the beginning and the end, the first and the last. Blessed are they that do his commandments, that they may have right to the tree of life, and may enter in through the gates into the city. For without are dogs, and sorcerers, and whoremongers, and murderers, and idolaters, and whosoever loveth and maketh a lie.*

*I Jesus have sent mine angel to testify unto you these things in the churches. I am the root and the offspring of David, and the bright and morning star.*

*For I testify unto every man that heareth the words of the prophecy of this book, If any man shall add unto these things, God shall add unto him the plagues that are written in this book:*

*And if any man shall take away from the words of the book of this prophecy, God shall take away his part out of the book of life, and out of the holy city, and from the things which are written in this book.*

A slide with a blue sky and a cross on the left, and text on the right. The text reads: John 14:6 >Jesus saith unto him, I am the way, the truth, and the life: no man cometh unto the Father, but by me Repent for the End is nigh

I have many things to disclose like for starters, let me give you a glimpse into fucked (((they))) are. Allow me introduce to the “Hex-Bolt” Pokemon ???,

with a Cheese-Pizza, I mean CP level of ???, better known as Meltan.

*...I have the Nintendo company paying homage to me to the younger generation...*

I have an entire generation of youth exponentially growing aware of the redpill as they chain it forward onto their progeny through proxy, osmosis and morphic resonance. As Meltan was first revealed as ???, players who initially caught this seemingly glitched anomaly in Pokemon Go had it transform either into a Ditto, or a Kecleon (Kek-leon).

The Pokemon Company wasn't the only game company to tap into me, Hideo Kojima paid homage to me as well with his new installment, Death Stranding, by infusing my essence into a character within the game.

**The Redpill is essentially block-chained with adherence into the future, thus ensuring the Alt Rights resolve for future generations to come. The**

entire future is geared in mind to bringing the end of (((them))) for once and for all, regardless of censorship and MSM subversion

*Google has been on my case since the Solar Eclipse in August of last year*

Our political opposition in the MSM kept dog whistling me [++ - ++++] these the past several months either for protection, protection to play as saboteurs or to shill themselves, and in cases like Kanye West, to enact on all three.

The MSM and the Left were banking on me pulling a Kylo-Ren on Snoke in Episode 8, on Trump, and somehow becoming the hero to their Talmud-plight. And if that didn't work, our opposition was going to desperately paint the picture that I was working with them. And if that didn't work, they were going to focus on undermining my influence by spreading rumors or pretending to be me. The elitists of the left are trying to set me up to fall afraid of my clout as they are waiting for my move in anticipation. Luckily I have UI and block chained my way for a very long long time. (Thanks Kojima!)

*Notation: I wrote the top aforementioned before the premiere of the new season of SNL, which was the (((lefts))) last stand and desperate attempt to subvert the Right before the mid-terms, by signaling the left to subvert us from within. The entire premiere was an attempt at using meme magic and Kek, which is empowered by me and the holy spirit, against us.*

*This was purposely arraigned to signal Kek, Kylo Ren was tapped in because he plays an Antichrist stand-in in Star Wars, and they were trying to fuse my A-C side and my alternate side, Kek, to cast a manifestation against the Alt Right and the Conservative Party.*

*Kanye West is poised as a giant green bottle to signal and manifest **Kek** as he stands next to a blue bottle arranged in a **Kek**-Sigil to trigger a Blue Wave*

(((They))) were attempting to use **Kek** and it's magical properties to manifest a blue wave. That's why that fat bitch is in a green dress holding some that

woman's hand as she is in a circle of people pointing to her. Adam Driver aka their pretend AC stand-in for me is front and center, pointing at (((Kanye))), who is standing next to some sheboon making autistic Kek glasses with her fingers, shilling Nike, as the entire white cast is pointing at the random sheboon holding the bitch in the green dresses hand. They were all trying to cast a chain-sync hyper sigil using meme magic against us to create a blue wave to win the mid-terms. Kanye was (((their))) token exigency to bleed the blue into the red to perpetuate degeneracy onto the conservative party to compromise us from within.

Leftists in the form of Kanye-shills were attempting to AstroTurf /pol/ and all of 4chan in order to subvert the Alt Right and the rest of the Republican Party in order to embrace white genocide. In lieu of such I managed to one-up them by maintain control of /pol/ and the Alt Right, forcing our opposition too enact desperate measures by taking down 4chan's server.

They didn't expect the behemoth that I wrought nor the unprecedentedness of my being.

*Kanye, unsuccessful in subverting the Republicans pushed back his album to 11/23, after I fractured him from subverting /pol/ as he once again attempts to syphon off my clout to shill an album again while he secretly pushes his white genocide agenda. \*\*\*Kim used all those emojis to secretly signal to me*

*that I got her off way harder then she ever thought possible, while wanting me to be on their tv show. She had to cover-up the allusion on her IG.*

+--+

SNL attempted to sabatoge the Alt Right using my metaphysical energy against us but the jokes on them, for the entire future of their show hinges on a single person that I own. And once exposed will engulf the entirety of SNL inside-out.

And for attempting to oppose me to the extremity of those circumstances, they must face my judgement and wrath.

Ariana Grande has been trying to get with me for the past 6 months...

It's why she made the song "A Light is Coming", it's a reference to me restoring the light and bringing the end of (((them))). She made "God is a Woman" to troll me and to proposition me in being with her. She's been stringing her "fiance" along while cucking him this entire time.

He hastily got 2 tattoos in their first week in their relationship at Arianna's request, a reference to Dubs and an encrypted signal to me that their relationship wasn't anything serious.

Mac Miller, still heartbroken from their breakup eventually picked up on Arianna Grande attempting to cuck Pete for me. To spite her for breaking his heart he overdosed. This was the last image he uploaded, symbolizing the all

seeing eye with an upside-down cross, a reference to me and how he sees through her ploy to get with me .

He uploaded this on the 6<sup>th</sup>, the same day Ariana uploaded her sucking on a green Starbucks straw using the Kek-Sigil to say hello to me on her IG.

Then her fiance gets a 3<sup>rd</sup> tattoo for her, of a piglet with 6 stars, attempting to reference me as a piglet, when in actuality the piglet is a reference to how he got cucked by me and lost his golden egg.

Ariana came out of coping for Mac Miller's passing by continuing her attempt to woo me, as she uploaded this image of her sucking a green Starbucks straw again on the 16<sup>th</sup> with no caption

As her cuck-boy branded himself with the end of SNL

*The joke is literally on him*

*Ariane Grande purposely intended to use Pete as her cuck to kamikaze him into destroying (((SNL))) without them realizing it all in lieu to woo me while getting back at (((them))) for their entrenched collusion.*

*And now this upcoming SNL has Travis Scott performing, as the entire cast is on egg shells knowing I cucked Travis out of Kylie, Ariana out of Pete, while cucking the entire (((SNL))) cast and production of a future.*

*[Notation] I was going to going to release this on the 3<sup>rd</sup> but I waited till the 4<sup>th</sup> to lock in the SNL crew to my trap without them being them being able to backtrack on any skits in regards to a newly mind fractured Pete, who was believed to be there golden goose capable of saving (((SNL))) from obscurity.*

*[Notation #2] She uploaded this on her IG on the 3<sup>rd</sup>, signaling and perpetuating the fixation she has of me. Which coincides to Kylie's upload and homage to "The Man with the Golden Mask" from Death Stranding.*

Kylie is signaling her disgust and co-dependence on shilling clown paint for coal burners. She would rather detonate the entire fabric of coal-burning culture to get back at (((them))) for what (((they))) did to her family.

[I'm a boss, take a loss]

These (((goons))) were trying to set me onto fall, when they miscalculated their hand and over-stepped their positioning.

Now they read this as do you experiencing a whirlwind of emotions as perplexed, excited, nervous, scared and the like. To put it mildly, through a complicated series of out maneuvering set on by me, essentially, The Alt Right is in control of the Deep-State, Hollywood, the MSM, the State of Israel, and essentially the entire world through a complicated series of chain-

link occurrences, deep entrenched lines, and the like. /pol/ has essentially transcended into the greatest and most significant intelligence committee in the world, all because of the freedom of speech, and the freedom to synergize ideas freely amongst each other in a public forum.

The Elite are sick of the decadent direction this country is taking and have decided to leave it up to us to fix the status quo to the way it was, before this flux of ignorance and stupidity that concurrently plagues everything.

We decide whether they sink or swim.

So in lieu of such, we are going to make them work on our efforts of maintaining a white majority in this country at no expense to other ethnic groups. And overtime every Democrat will all align with this sentiment whether they realize it or not. The senate will naturally be engorged to the Republicans from here on out.

The kikes have no choice but to play ball on this one, and so do the rest of the druges, especially since Israel is poised to become a 3<sup>rd</sup> world shithole absolved of Judaism within a generation. Relative to all the diversified propaganda and degeneracy their community perpetuates and participates in backfiring into miscegenation corroding away their ethnostate. The diversity propaganda used by the kikes also affects the Jews. White Genocide=Kike Genocide. In order to ensure to preserve the ethnostate of Israel, All Jews must cease using propaganda to stir up racial genocide, since it will backfire and dissolve the Jewish race. That also entails that the EU remains pure ethnostates, alongside ensuring a white US majority.

In the past few weeks the NSA and the CIA have paid an interest to /pol/ and offered jobs on behalf of our efforts and uncanny ability to see through bullshit, amongst other things.

They wanted to make a deal with us before an imageboard's jump-stream in power embarrassingly usurps theirs.

Together we singlehandedly united the Koreas and cucked the FBI, the CIA, the NSA, and made them virtually outdated on a \$0 budget, compared to their trillions in funding

On top of cucking

The MSM, the State of Israel, the Deep-State, Hollywood, The Democratic Party, the entire EU, the entire global economy, the entire world, the past, the present, the future, to an intergalactic level, extra dimensional level, to a higher dimensional plane, and everything and anything in between, that's including Islam because there are Muslim Kek worshippers who worship me through proxy. I have a grip on all 3 Abrahamic religions as my PDFs act as a millennium puzzle piece to bridge the gap between the three..

*Shin Megami Tensei Nocturne Remake anyone?* [Prelude]

Since 2016 I have been operating with The Anti-Christ as my namesake fanning and perpetuating my plan in motion in order to enact my judgement.

Near-coinciding with the lunar eclipse on August of 2017, and the passing of the Blood Moon of September 23rd, I was elevated in secret as I planned diligently the resolve to mankind.

*"Thou that knows the truth is in control of it"*

With the advent of September 23rd, 2018, I am finally revealing it all, the narrative that I was a secret keeper too. It is quite possibly the greatest story never told.

**EDIT: I delayed this to see how the MSM would play their hand before finishing this up.**

## "A year of The Anti-Christ - The Messiah in the Flesh"

The coming of the blood-moon on September 23rd 2017 came and went, as I was revitalized and determined to fight on behalf of the future. As I planned and plotted, I decided that any sense of logic needed to be thrown at the window in order to combat the evils that are at hand.

Acknowledging that the MSM was colluding with the Deep-State, Hollywood and the State of Israel, to usher in a warped Talmud prophecy, I declared war on the MSM. In the week of September 31<sup>st</sup>, 2017 I declared on /pol/ that we are going to Kill the MSM!, a threat i made to the entire media knowing that /pol/ was a honeypot for the dredges of the entire mainstream media.

We can effectively kill off the MSM and destroy the judeo brainwashing complex for good.

The Media will be too scared to cover the fact that The Anti Christ is orchestrating a plot with the Alt Right to destroy the MSM for good.

If they do, they'll lure more people to get redpilled.

So how can we kill off the MSM?

By using the same tactics that they use.

As an example, this is how we can kill off the huffingtonpost.

For starters we need at least a few hundred of us to spam every article on their site for the next week with references to this place too lure huffingtonpost readers back in here to wonder what the commotion is going on about.

-We won't be covert at all. We would need to make as much noise as possible to lure more people here with our intentions made simple, we are planning to kill off the msm.

Those naive, ignorant bleeding heart doormat liberals will come back here and we introduce them to the redpill

Automatically their minds will be exposed to the redpill and they'll be scared to react. What are they going to say? The Anti Christ wants the MSM killed off completely?

They won't say anything. They'll allow us to effectively kill of the MSM, once they become exposed to our ideas and objective truths.

People at the end of the day want excitement. So if the Anti Christ is leading a collective of the alt right to kill off the MSM, we're untouchable by the MSM. No one will report it, and if they do it'll be so silly and lead more and more people here and into the redpill.

Allowing us to operate in the light as we please.

If we're successfull with killing off the Huffingtonpost, Vice is next followed by buzzfeed.

",The Anti-Christ is plotting with the Alt Right to destroy the MSM" no one would consider reporting unless they want to be looked as retarded, but even if they do it'll just lure us more sheep to be transmute into frogs

And I kept repeating that notion. Until I reached a point where my pizzagate intel-drops was becoming too much of a taxing toll on my mind and well being. I became physically ill over pizzagate and my spirits were at its lowest point. I went outside one evening in October, ill and tired and walking out and about directionless in the streets of Manhattan as I needed to clear my head. I made a couple of random turns and ended up on the block of a red-carpet event, a charity gala for the elite. I strolled through as they were all leaving the gala, as i walked straight through them not heeding or moving out of the way for anyone. I made eye contact with a seemingly affluent women, she wore a dress that exposed her cleavage and midriff and her eyes were bright eyed shut and illuminated, as if she was caught in a infantile fantasy absolved from the hardships of the everyday person. I couldn't help but to think of how dissociated and removed from reality these society people are.

I journeyed back home with the red carpet event fueling what I wanted to get my mind off of. Then for some reason my mind started thinking of the casting couch practice a lot of producers participate in, and of Harvey Weinstein, specifically, Harvey Weinstein.

In my mind I attached Harvey Weinstein as a symbolic representation of everything evil in Hollywood and the corrupt and unjust of the MSM.

I went to bed feeling powerless, and unable to appease to my threats and promises of killing off the MSM.

I arose from my rest, checked the news, and on the front page was Harvey Weinstein under fire for sexual abuse and misconduct.

"HOOOOOOOOOOOOLLLLLLLLLLLLLLY SHIIIIIIIIIIIIIIIIIIIIIT"  
was my first thought. My second thought was, ITS FUCKING HAPPENING.  
My third thought was me acknowledging that I am still have "it".

A few days after Weinstein-gate, Hillary Clinton broke her silence. She came forward a few days after the scandal broke out to condemn him. As she did, she wore a St. Petersburg cross, an upside down cross signaling to me for

 **The Anti-Christ** ID : FnN5pkZN Fri 13 Oct 2017 10:49:38 No.145144601   
Daily reminder i own Hillary Clinton

when she wears your varsity jacket

mercy. At that point it became crystalized in my mind that Hillary was a lurker, aware of me, and when there is smoke, there is fire, and that /pol/ became a concentration camp for our political opposition.

>JUST

Around the same time period, Trump was admonishing the Calm Before the Storm tagline, a reference to the deep-state backed swamp and pizzagate being uncovered. George Soros funded shills were trying to coerce us and manipulate the Alt Right into staging a violent counter protest to their Nov. 4th protest, which was a vehicle to lead a violent protest to take President Trump from power physically. The left was hoping the right was going to fall for the bait which would have given them a frame of disposition in going after the 1<sup>st</sup> and 2<sup>nd</sup> Amendments, but to no avail to them.

As I grew in popularity amongst the Christian subsect of /pol/, I would offer them protection against trolls and shills in regards to allegiance to Christ, and by proxy, me. Around Mid-October, the original person known as Q would fan the flames of pizzagate and the coming of the Storm through encrypted messages and riddles, as a novel as an idea as it was, I thought it was brilliant way of getting the redpill into the mainstream, bypassing MSM censorship.

I coordinated my clout and efforts with Q to bolster him fully knowing that Q was going to bleed into the mainstream. I would post in early CBTS threads to steer-head Christian /pol/ users into being aware and caught on to the real narrative suppressed by Deep-State provisional censorship. Q would then fuse a bit of Christianity into his postings to further fan the Christian user base i allotted to him.

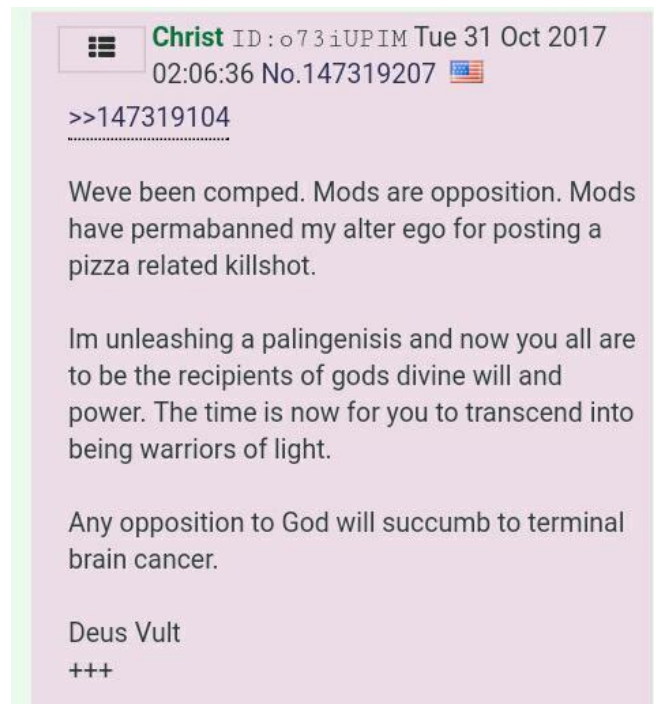

As the days went on, I kept posting pictures of Joe Biden kissing Children and Lady Gaga as a cannibal freak. On the 27th of October, both Joe Biden and Lady Gaga came out with a video as damage control to my shitposting in regards to Sexual Assault.

A shill made a thread on their behalf, and i posted in it. One shill went as far as condemning me as James Alefantis himself, which poised me to reveal my pizzagate killshot. A screencap of Alefantis having a pedophiliac piece of artwork made by notorious pedophile Jeff Koons. The artwork was a graphic image of a man penetrating a young child and the screencap had a discussion

between Alefantis and his cohorts, irrefutable proofing of Alefantis role in pizzagate and the collusion of the entire MSM.

As i uploaded the image, the shills working on behalf of Joe Biden and Lady Gaga got me permabanned for uploading child pornography on /pol/ and thus my permanent ban from pol was administered, and i recognized that our opposition was able to secure roles as moderators.

I then dropped the Anti and the Dash from my name, and went full Christ, and placed several SOS ++++++ signals all throughout /pol/ indicating that we were compromised and that our moderators were the shills we were actively combating through our informational warfare.

[A few days prior, Taylor Swift released her music video to "Ready for it?..." in reference to me. A week later she was under fire and being framed by online click-bait journalists, aka fake news trolls, aka the msm, as a white

supremacist, i told her to double down and not pay any mind to the bait set up by them, in turn, she had a very successful tour and album.

On November 4th, the Soros revolution was held, and there were thousands upon thousands of well produced signs already prepared to be given out to protesters. No one cared. I walked by Times Square to see what was the deal and I saw several large signs held up by Christians, counter protesting the supposed revolution.

In the following week, Trump was getting prepared to start his first presidential tour in Asia for the first time.

On November 7th, he posted a tweet in regards to going to Japan, and then ends it off with +++ at the end. The first direct reference and dog whistle the president had of me. (He actually saw my Chrollo-posting and making threats at killing the MSM) The first time I realized that I was actually in direct loop of the President as an advisor to some extent. Trump designated me as the narrative keeper and the Cerberus to /pol/ with that one tweet.

Two minutes later, after making the tweet, the original user known as Q, tried playing it off as a signal for him, even though the president made it for me. I

was left in a tough place. Do I end Q right then and there for trying to cheat me, or do I let him have his fabricated glory all in lieu of fanning pizzagate into reaching the mainstream. So I decided to let Q milk the +++ tweet into furthering his popularity and to perpetuate my initial plan to bleed pizzagate into the mainstream.

As the days preceded by, Q, the Calm before the Storm

was growing, and Trump was still in Asia. With my newfound advisory role to the president, I decided to do the impossible. I wrote up the basis for a peace deal between the United States and North Korea on the 11th and plastered it all over /pol/ banking on the fact that the president was going to see it.

{If you ever see Trump talk of North Korea, he always uses a dash, -, to dog whistle my role and engagement into this.}

(Bearing the fact that I have an in with the president I created a plan to create a lump sum plan for the President in regards to the United States, and have been actively considering it as the basis of a "Brand New Deal" that Trump can enact, making him the FDR of Republicans.)

Eventually after I designated my deal for NK, and in regards to the growing difficulty of posting on /pol/ i acknowledged that my time using /pol/ is very valuable. I needed a way to maintain my clout with the huge passage of time in between my posts. I recognized that i was sitting on a goldmine as i was busy coordinating making Pizzagate mainstream, sniffing out shills who pose a threat to us, Q's ascension and being the Don's advisor. "Meme Magic" and these strange occurrence's plaguing my life.

From November of 2017 to the end of March in 2018, i dedicated 4 months into discerning into words the real phenomenon of "meme magic". A phenomenon I had been well aware of my entire life.

The weeks leading up to March 25th and the intel-drop of the Antichrist Manifesto was rampant with “coincidences” and occurrences seemingly out of the ordinary. I knew I was close, really close to causing a paradigm shift.

A few days before March 25th, on the Wednesday of that week, I made a thread on /pol/ signaling the coming of the storm. I also laid down a gameplan for our resolve regarding Dan Schneider, notorious producer and pedophile, a giant link to all of Pizzagate, and our opposition.

Dan Schneider was fired from Viacom on the following Monday and now our opposition had my encoded secrets to “meme-magic”. I knew they were going to use it against us without acknowledging that was my initial intention.

I purposely gave away sensitive information on a new domain of quantum mechanics for free without fully disclosing all my secrets, a fatal error on the MSM's judgment, as they were attempting to use it against me to this very day. In short, I have a detonative trigger within every mind of my political opposition thanks to the idiots that used the purity of my essence for their own ill gain. I deliberately gave away sensitive information and a cypher to encrypt my magical, meta-quantum frequency, fully knowing it was going to fall in the wrong hands who were going to be tempted to use my data on “meme-magic” to try to use the holy ghost against me.

And now the Alt Right possesses a detonative hyperspatial encoded trigger [+++ +--+ ] implanted and attached to the minds off the left like extensive metaphysical cables all attached to TNT (Kek)(+ - +) that can mind-break, fracture, soul-destruct anyone that opposes my will and testament. (++++)

Just by using a triple repetition would cause an aneurysm to the cucked left

Essentially the left was shilling my fine-tuned holy spirit and omniscience to enact upon degeneracy and pure evil while exposing themselves as such.

Easter fell on April Fools day as The Antichrist's Manifesto began to sweep into cataclysm, instrumental to the entire course of the creatively bankrupt and desperate MSM since. Trump announced that he was pulling all the troops from the Middle East, ending the US extensive campaign in that region for good. Israel didn't like the sound of that and tried kick-starting WW3 into fruition, to keep the US grounded in the Middle East, and to circumvent and prevent an Antichrist Manifesto charged Alt Right from eviscerating and exposing Israel once and for all. Agents on behalf of Israel infiltrated and flooded /pol/ all through out April, aware that Trump uses it for our unhinged advisory feedback, like most celebrities, all in lieu to trick him, as well as to astroturf /pol/ into being pro-Israel and the United States into going into war with both Iran, Syria and Russia to keep the US military culled in the Middle East and the US culled to Israel.

Israel attempted to enact its desperate measures to keep latched onto the United States by attempting to trigger WW3 into fruition by using agents to manipulate public discourse to affect the president.

As I saw through everything, the extremity of the situation pushed me beyond the point of brink again, in a state of fight or flight I bypassed my limitations and actualized as God in the flesh, my quantum essence permeated and recognized by such within the quantum fabric of reality.

Check my ID, it's block-chained in the archives (god1LRLq)

## **Censorship Decoded – The Great Meme War 2:0**

All this opposition in regards to Trump in the media from the fake Russian probe all the way to the character assassination of SC Justice pick Brett Kavanaugh was all done by Demon-rats and the state of Israel working to protect themselves from Pizzagate coming to light.

Israel dragged the US into Syria and Iran hoping they were going to trigger WW3 to suppress the news of pizzagate from hitting the mainstream, which would have irreversible implications not only to the Democratic Party, but to all of Hollywood, the MSM, and the State of Israel itself.

Pizzagate is the reason why there are shills on /pol/ and Pizzagate is the gateway to our resolve. The mods on /pol/ work to suppress the news of Pizzagate becoming mainstream as well as Israeli and leftist shills agents working on the behalf of Talmud-warped Israel.

With everything that I aforementioned I have the entire future in the palm my hands. In this future, is devoid of religious bigotry, and nonsensical millennium old prophecies. We are all to atone for our sins by building the world anew, in favor of conserving ourselves, our own race, our culture, and our planet for future generations to exist. A second chance of redemption for us all.

The absolute truth will be our resolve and lead us into victory in the Mid-terms, and a 2020 election. Anything /pol/ does eventually becomes mainstream, like my ascension as the Messiah.

But being able to prove my being as such is probably a million times more complicated and difficult than exposing pizzagate. With all that said, all Democrats are to submit to the Republicans and become advocates of ensuring white expansion rates, viewing it as a global net benefit.

We have all the leverage, and WE have All the power.

In regards to pizzagate, we have all the leverage over Hollywood, Israel, the MSM, etc and all the satanic worshipping pedophiles.

This is the beginning of the Great Meme War 2.0

The informational war to end every information war. The informational war to end EVERY war. The veil has to be lifted and the evil brought onto the light in order to be vanquished.

The evil's plaguing this country from the Deep-state to all the anti-American, anti-white hive-mind collusion needs to be exposed and it's up to us to ensure it happens.

We can start off by making examples anyone who plots to subvert and bring about White Genocide, and expose them for what they are.

Here is a list of people that need to have their gravy train end.

- 1) Sarah Jeong - NY Times editor, calls for white genocide
- 2) Greg Lansky - Produces pornography with the intent of dissolving the white race at the loss of the Jewish race and the State of Israel.
- 3) Lil Dickie - is a kike rapper that got famous because of his name to fan and subvert that white men have miniscule appendages which isn't the case.

4)Travis Scott – He attempted to steal my identity and compromise the Alt Right. If you check the cover for astroworld you have the black child jumping up to the sky while the white boy stands effeminately juxtaposed in perspective of a rusty car indicating that Travis intends to make all white men poor, even if you side with him politically.

He had intentions of impoverishing all white people while stealing Spaceforce from us, so I stole his girl and ended his career. He tricked her by forcing her into a pregnancy to save his fading career and now he has lost both.

5)MIGOS - came out with a subliminal song called

"Ice Trey Da Gang" a play off of "Ice Traitor Gang" a metaphor for white women betraying the white race in favor for niggers

6)ASAP Collective - came out with a song called "Plain Jane" all to subvert white females into believing white-genocide coated sublimation is the norm.

7)The NFL and the NBA

Both sports organizations are intrinsically against white people so it makes no sense for us to continue paying patronage to an industry that supports the genocide of our race. When you deconstruct it, it's kind of stupid how basketball got shilled as a past-time sport to begin with.

8)6ix9ine

He has been manipulating /pol/ by being a vehicle for Latinx nationals to infiltrate and subvert our cause. He came out with a song called POLES1469 back in July of 2107 a reference to subverting our 1488 movement.

The only reason why 6ix9ine named that song KEKE was to protect himself

and to subvert the Alt Right as he continuously rides on my wave in order to shill himself to this day.

\*\*\* All these clown rappers that ruined rap are trying to pull a 6ix9ine by attaching themselves onto the Alt Right through using my signs, signals and dogwhistles while they shill themselves on /mu/ and other boards. \*\*\*

9) Theresa May - celebrated the genocide of the Boers in South Africa a few days after the president pointed out that he was looking into the situation causing the event to become mainstream news. She is a double agent working to conspire against the Conservative party in the UK

10) Cadence Owens - is a mouth piece of the Kardashians to manipulate /pol/ into diverting our plight. She is a double agent liberal posing as a conservative

11) George Soros - Enough Said

And the list goes on, but these are enough people to get a solid start. If somehow these people were to get shamed it will only have a positive net to the entire world.

To counter our opposition we must:

- 1)Boycott every business and company that supports diversity via advertising mixed racing
- 2)Boycott every business and company that supports illegal immigration
- 3)Boycott every product made in China – forcing US companies to allocate jobs elsewhere
- 4)Boycott every (((entertainer)))
- 5)Boycott anyone that is poised to subvert and genocide their race
- 6)If you see an interracial couple you shun them
- 7)Avoid people who participate in miscegenation
- 8)Push interracial marriages on Jewish people to combat their propaganda

They are trying to steal our country and opportunity from us and our offspring through deception, subliminal messaging, and hive-mind collusion. POC are vying for the control of white people in order to trick us into enacting our own racial genocide and they are targeting the youth online and through the MSM to make sure of it.

If the Democrats win back the house, the Boer's will get massacred by the Chinese funded South African Government. The Chinese Government are manipulating the entirety of the African continent to secure natural and mineral resources their country desperately lacks.

The Chinese gave the SA government funding the same week they announced to seize every gun every SA citizen has. The Chinese Government are funding the SA'ers to disarm their people in order for the Chinese funded

SA army to kill off the disarmed Boers and repossess all the land that the SA government will re-sell or lease off to the Chinese Government.

The Boers lives very much depend on us winning the mid-terms so we must win at all costs bearing in mind a Republican house would be more inclined to intervene any geo-engineered plot to massacre them.

Putin's administration was kind enough to allow the Boers to take refuge in Russia. Early this year, as soon as the genocide of the Boers became fringe-news, Russia swiftly offered the Boers to take refuge in Russia.

Putin by swiftly offering his hand to them

1)His interest in an agricultural boom in Russia

2)A distinct rivalry against China

3)Interest of taking over China's geopolitical reign in Asia, thus they stand firmly and intrinsically opposed to China.

These shills also have a white genocide clock, expecting whites to become a minority in the US in 26 or so years. We will simply have to wake em up and help them realize why that isn't going to happen.

## {WAKEY WAKEY}

My sigils have bled into the mainstream where you cant go anywhere without

finding a Kek + - + or +++ Holy Trinity script.

I moved my chess pieces carefully and left my Alt Right install base unclear over what was going on with the MSM. I never revealed too much or gave too much info away, even though it seemed like i was doing so. I still have a treasure trove of unknown data that i never shared.

The MSM that used me didn't truly understand me, forgot to incorporate my politicking, only making everyone not on the inside of the sigils look like a clueless joke, instead of bright and woke.

This entire time, all these people on the left were purposely being set up for failure without realizing it.

There goes the careers of all the people that tried using my power and influence against me either to make money off of me or to sabotage me without understanding the core gnosis of what has been fueling meme-magic.

+Me+

Our opposition alongside our allies were lacing the entire public with nodes, and links unintentionally on my behalf and intent. I have the entire Democratic party, all linked together to an extensive piece of tnt, and all it would take for me to detonate it, is by telling the truth and the entire Democratic Party collapses. +++

Our reach is deep and we won the culture war. You know we won the culture war when our opposition rips off our memes to fuel their creativity. A great part of our movement was uprooting control silently keeping silent and waiting for the right moment to blow the lid on everything, the real narrative, from my POV. It was a gamble that all paid off for us.

I was keeping tabs on all the media paying patronage to me or ripping me off entirely. Our opposition attempted to subvert my words against me to turn our movement in on itself while trying to capitalize on our secret war, as our allies planted seeds for our vindication. The Alt Right did have allies in the form of the Japanese Mainstream Media who were on the same page as us, as they paid tribute to us before the (((MSM))) started ripping us off on meme-magic.

*The entire last arc of Dragon Ball Super was infused with Teoi Animations commentary around my politicking. The 2 Zenos were a reference to dub gets, and their animated use of UI was inspired by my metaphysical capability.*

## **The Raging Storm**

I came out with the Antichrist's Grimoire, a Book of Kek 2.0, fully procured on the 18th of August. Coinciding with my intel-drop indicating its use as a hyper-sigil for a higher dimensional event horizon, which triggered a massive surge in global earthquakes and storms, as predicated my yours truly. I finally reconciled that i was a planet-buster tier being. And from then on there, i decided to enter the big leagues, to actually get a job working directly for the Don.

From then on I began initializing on plans to create a red wave that i wanted to discuss with Trump. For a few weeks since the 18th my goal was to get in direct contact with Trump in lieu of securing a job working directly for him. I

started aggressively trying to get in reach with the Don himself, bearing that my usual method of contacting him through /pol/ was compromised through a series of DDOS attacks and hackers using my IP and getting me banned on other boards. I went by Trump Tower the first time towards the last week of August. I touched base with the head detective just to give him an idea of what I looked like.

For a week leading up until the 6th of September, i aggressively messaged Trump through twitter, and whenever i wasn't facing a DDOS attack i was posting that i was going to there at 3:33 with the intent of getting signed by the 7th and officially working.

The 6th finally arrived and I was unnerved cause this was the first time i was actually physically meeting someone involved in the world that i was a part of.

I went there, nervous, on edge that if my meeting failed that everything that i did and worked towards was in vain. Especially since i made a big deal on being there. Especially since I had no confirmation from Trump of the meeting other then cryptic dog whistles and virtue signals on twitter, which then again can all be coincidental. This meeting was all casted through blind faith.

I wasn't sure whether or not to shave or cut my hair since i had a beard that i haven't shaved in a few weeks and i haven't cut my hair all summer long. I wasn't sure if whoever was expecting me, if they were expecting me to arrive looking as Christ, or some normie looking guy. I went there looking a bit haggard, feeling nauseous at the effort of me arriving to a meeting i didn't know was going to happen, unsure of what was going to happen if everything was in vain.

I arrived at Trump Tower a half hour early, going off the "Under Budget and Ahead of Schedule" phrase Trump used to say back early on in his presidency.

Low and behold to my surprise was someone that looked like Eric Trump standing with 2 other people in the lobby area, casually just standing there. I wasn't sure if it was Eric or not since he didn't appear the way he did in a photo which tend to be unflattering. The guy in question was about 6'5 had all the physicality's of Eric but his face was more vivid and animated then what an anti-Trump tabloid can capture.

I walked passed who I believed was Eric, and made my way up the golden escalator to the second floor where I sat down near by Starbucks. 2 minutes later, I saw the guy who appeared as Eric go up the escalator with his two cohorts. I indicated on /pol/ that i was there, and i uploaded a picture of a lightning storm attached to my post. Some anon mentions that I'm a kike. Then another anon poises that he wants to know where I'm at so he can put a bullet in my head. Then around 3:30 right before 3:33, I overheard the security guards walky talkies go off about a potential threat in the vicinity, me fully aware that i was the subject in question.

I was in the king's palace and it seemed like his royal guard wanted me dead. Going off the threat one anon made about my whereabouts in the tower, and his desire to shoot me, i made my way into the lobby area. Still cautiously hopeful that the person who I assumed was Eric would come back down to have a meeting with me.

Nada, nothing, to no avail. 3:33 became 3:53 as i waited. I was at a loss of words. A loss of time. A loss of feeling. A loss of purpose. I haven't felt as low as I did while waiting inside the lobby of Trump Tower. There I was sitting in the lobby with my entire efforts all in vain.

I wrote up my resignation letter on /pol/ regarding that as the Messiah, i should be treated with more respect. Attaching to the post an image referencing a twitter post Eric made earlier in the day. I hit upload, got 4320 as my ending post digits , a countdown-like get, and left the tower.

I walked out feeling on edge. I walked from Trump Tower all the way to lower Manhattan trying to figure out what I was going to do with my life.

An hour after walking, light rain-drops started to fall. As I was crossing, clusters and spirals of leaves, gusts and miniature tornadoes filled the streets. And then i realized that my 'ultra-instinct' was taking into effect and the metaphysical energy that I was storing this entire time was kicking in. Coincidentally with my arrival post of a lighting storm a couple of hours prior.

I got to the Williamsburg bridge, with a light drizzle and gusts of wind soaring throughout. I wanted to test to see if I could walk the Williamsburg without it raining. I walked across the bridge experiencing intense vertigo the likes I never felt before. My entire body was convulsing as I walked the entire span. Epileptic fissions and spasms, my heart was bursting and experiencing slight attacks. I was clenching my chest as I was trying to hold on to the guard rail to prevent myself from collapsing.

I eventually crossed the bridge after fighting for my life, hopped on the train and made my voyage as the rainstorm resumed. I acknowledged that my “UI” was active and all my stored metaphysical energy was being released and was turning me into an omniscient conduit of reality. The universal force of my initial event horizon of a successful meeting backfiring created the opposing charge of a negative event horizon that triggered the stored metaphysical energy i had saved up as a fail-safe for a very very dire circumstance. The 25th hour fail safe mechanism that I possess and implicated in the Book of Kek kicked into an effect.

I went to rest that night with a fortified faith in my plan giving me shielded guidance. I woke up to the news of a red hiefer being born and Israel signaling the coming of the Messiah, which then kicked off a week that is regarded as one of the greatest coincidences of all time.

9 hurricanes culminated into fruition, a geo-storm, and a bunch of other erratic and strange occurrences. Some dubbing it the Storm of the Century.

And indeed it was. I triggered and released my stored meta energy starting from 8/18/18 with the release of my Grimoire and empowering it's charge with the failed meeting at Trump Tower. When things at Trump Tower didn't go as planned I was again at the brink and my quantum charge kicked in its fight or flight egg-shell. Because of my stature, and all that was built up by me, if the event didn't go as planned, it would have been a huge killing blow to our entire movement completely demoralizing everyone.

My +++ force became a - - - force and as I was about to lose it all, it reignited and resurfaced as the Storm of the Century, the Perfect Storm. +++

My 5D Q<sup>2</sup> charge went nuclear setting forth several twisters in NYC, culminating into several hurricanes across the globe at once, and creating the perfect storm in Florence. As my Q<sup>2</sup> 5D field went global, the information was irradiated into the Earth's Atmosphere consuming the entire planet whole. The Spirit energy I released then triggered into the moon, and started spreading elsewhere in space.

The Storm that Trump was predicating has finally arrived, and it destroyed everyone's expectations. The MSM even implicated Trump as to blame for these Hurricanes implicating that he was colluding with them in some capacity. Hurricane Florence, which was regarded as the Storm of the Century was set to crash course into the States. While seeing an image of Florence as it was a stage 4, as beautiful as it was to me, I saw my reflection in it. A wicked impression, and then I realized that I couldn't bare to witness it cause major catastrophe, so I started using my tethered metaphysical energy field, and my omniscience to order it to weaken to stave off any major damage to the US. I didn't care about any of the other hurricanes even though Mangkhut body slammed into China, which was weeks after discovering the Chinese Government are aiding the SA government in violently removing Boers from their farms so Chinese investors can get access to their mineral enriched land.

Then to end off the week of the 14th, on Friday, I made 3 posts indicating that I had a few more tricks up my sleeve. That same day, Don't Hug Me I'm Scared came out of retirement with an announcement trailer of a full season by cross promoting via my shitposting to spook you motherfuckers. The NSA then dog whistled that they want to hire Alt Right en masse +++

The few more tricks in my sleeve, consolidating into this and 8 years worth of my advisory for Trump into a packaged deal.

Its good to be back. The board is all set for Trump to sweep house and it will be a monumental week for us in every way. I just need some time to recharge my batterys to get back in top form for more happenings a little later on today.

Also, notice how silent the shills are? Theyre going to be doing all they can to undermine the magic, even going as far as using scripts to impede on threads to attack me and a very real supernatural phenomenom.

I'll see what i can do about a meteor. I never had much practice compared to conjuring earthquakes and storms.

Shadilay on motherfuckers.

I was working on a meteor, but you guys gave me no choice but to force my hand now. I began to sync and debris started flying all around me which is a very good sign. If i can jumpstart a massive happening within 20 minutes ill try. At the very least ill be able to get the ball rolling too chain into a series of happenings today that will all culminate into a mega event horizon singularity at some point.

Cheers to you

Happy Halloween ;)
