

One-word brandable names :

Names like “**twitterFree.com**” or Slide.com have value as a brand name for a corporation/business. Even though they don’t name an exact product or service, these names are always in demand as branding assets.

The “**twitter free**” niche is HUGE. **twitterfree.com** is a great looking domain in this niche. It is an everlasting niche and not a "fad" that will be gone tomorrow.

This domain has tremendous potential for growth. Since it covers a very broad range of topics, you could easily take it in any direction you wish. You can continue adding a variety of content or you can focus in on a specific niche if you like.

Many companies have also realized that owning category-defining domain names can boost their existing brands by allowing them to capture online traffic that they might not otherwise receive. For example, whenever internet users type the domain Mortgage.com into their browsers, they are directed to CitiMortgage.com, Citi's mortgage page.

This is a unique area that can be utilized as a part of countless. What's more, we accept in the event that it is produced the correct way, it will bring about a FLOOD of benefit and movement for the new proprietor!

The capability of this space to be an enormous cash producer is REAL! It ought to be utilized for the hotel and so on..! The possibility to draw in more that pay tremendous repeating commissions take the estimation of this area over the top!

“Having a domain name is the first step to your online identity. Whether it is to promote your website, or as part of a more global online strategy, domain names are like the window display of your shop, the neon on top of your club, the plate in front of your cabinet or simply the next call to action on your flyer.”

Easy to remember domain:

TwitterFree.com is short and easy to remember domain and sounds good. Of course short domain names are harder to find but if you can find one it has a number of advantages such as, it’s easier to brand, easier to remember and it’s harder to misspell.

Advantages of having your own domain :

A domain name is your own unique identity and always will be as long as you continue to use that name. You can promote your website instead of someone else's when you're sending emails as your domain name will be in the email address. Domain names are so cheap nowadays that there's no excuse for not having one. Now that you're ready to get yourself a domain name here's some pointers to help you choose a good one.

After Sales Support

You will not be left hanging once the sale is over. I will be there every step of the way to help make the transition as smooth as possible and ensure your website is up and running. Your satisfaction is of central importance to me.

As an added bonus, BIN Buyers enjoy full “after sale” support for a period of 7 days!

Why am I selling it?

I know what you're thinking, if it's so profitable and with so much potential, why on Earth would I sell it? The short answer is that since I started it, I've gotten full-time employment elsewhere doing a job that I absolutely love. The result is that I've lost the time to start working on this.
