

Based on playing Leisure Yacht v0.16.0

By f96zonetrooper

General hints :

Save the game often and in different slots. There are several situations right from the beginning where certain choices lead to a Game Over. When exploring ALL dialog options in the game there are 1-2 options where the game can get stuck and you have to quit and load a save game to continue. When playing for a long time the game can become slow and crash.

Save in different locations on the boat to get different preview pics, otherwise you cannot tell if the game was saved successfully or not.

Do not bother with increasing relationship points and stats or training or studies unless it is mentioned in the following hints. Most events are unlocked by doing other events, not by increasing stats.

(Usefull stats in chapter 1 :

Fitness 100, Diving 10, Darts 5, Billiards 5, Cryptography 20, Bondage 5, Hypnosis 5, Poker 10, Particle Physics 1, SpencerLabs book 8, Maisie 14)

The game has no time limit. Feel free to fast forward hours or days when waiting for certain events.

Visit Michael's Bedroom to access the list of achievements. Complete all achievements to advance to the 2nd chapter of the game.
